

Luston Group Neighbourhood Plan

Submission Draft

Additional Examiner's questions

20 June 2017

- 1) Map 3 describes the housing sites as Potential Development Sites within the settlement boundary. It is customary to show housing sites as housing allocations or housing commitments. Would the QB confirm that they are agreeable to this?
- 2) Has the analysis of the Questionnaire Survey referred to in the NP been published? If so would you supply me with a copy.
- 3) I am also awaiting feedback from the Highways Section.

Kind regards
