If you have not ticked any of the above, please give your reasons with regard to tests of soundness.:

The Council considers that the policy is not sound, as it does not sufficiently take into account the objections raised by the Council in September 2016 namely: concerns over access, the site being in a flood-zone, possible damage to the habitat, especially the River Lugg SSSI, and the visual impact on one of the main approaches to Leominster. These are matters of national and local planning policy which would indicate that this is not a suitable site for a temporary stopping place.
