- 1) The site is part of the traditional Lammas Meadows and should be retained as part of Leominster's heritage.
 - 2) There are 5 pitches. Anyone observing travellers coming into the town will have been aware that there are almost always more than 5 units. It is unrealistic to assume that 5 will go to the temporary site and the others elsewhere.
 - 3) Facilities will be provided when the travellers arrive. How is this to be operated? It is highly unlikely that the travellers will book ahead so nothing will be there when they arrive.
 - 4) The site is outside the town and there is no public transport to the town's facilities.
 - 5) Access to the site is within yards of the A44/A49 roundabout. Vehicles will come off the roundabout and find large caravans exiting the site in their path.
 - 6) The site has been recently used for fly-tipping. The rubbish is seldom cleared. Making it even more accessible invites even more fly-tipping.

Q35 Are there any other comments you wish to make with regard to the Travellers' Sites document?

Thank you for your invitation to comment on the Travellers Sites Development Plan. However, we must state that this sort of consultation is close to utterly useless for people who are not conversant with the minutiae of the subject. There are four technical documents, often cross-referencing other documents. To expect lay people to wade through all of this is unrealistic. The whole exercise seems to be designed to ensure ordinary people do not interfere with the machinations of Herefordshire Council.
