## Vine Tree Park Rules

The following rules of occupation are for the good management of Mobile Home Parks and the benefit of all who use them. These rules form part of the agreement by which you occupy your pitch in accordance with the Mobile Home Act (1983).

These rules have not been compiled to restrict residents but rather to ensure that they may live peacefully in unspoilt surroundings. It will be appreciated that a mobile home resident lives in much closer proximity with other occupiers than a house dweller therefore, certain rules have to be compiled in the occupiers interests. Other rules are necessary so that the visual amenities of the park are preserved. We are convinced that provided occupiers accept these rules in the right spirit our park will be one of the happiest and most satisfied communities in the county.

1. Only park homes (mobile Homes) of proprietary manufacture which conform to the definitions contained in the Caravan Sites and Control of Development Act (1960), the Caravan Sites Act (1968) and the Mobile Homes Act (1975/1983) and that also comply with BS 3632 shall be allowed to be transferred to a new occupier. No replacement park home shall be acquired by the occupier for siting anywhere on a pitch or park other than through the park owner or the agency of the park owner. The park owners will solely be responsible for siting of and dis-connection/connection of essential services to any park home.
2. Park homes (mobile homes) must be kept in sound and clean conditions, external decoration and colour must be maintained to the satisfaction of the owner. Wheels must not be removed nor the park home (mobile home) re-positioned without permission. No external alteration or addition to the park home (mobile home) or pitch is permitted without the prior approval of the Local Authority.

The occupier shall obtain from such Heating Engineer a Certificate of Inspection that the heating installation is safe and in good working order and shall produce such Certificate to the owner on demand.
8. The occupier must not permit waste water to be discharged onto the ground. Where water is not separately metered or rated, hoses must only be used in a responsible manner.

Where permission for the erection of such fencing is given, the height of such fencing shall not exceed one (1) metre. The planting of trees and shrubs is also subject to the owner's prior approval of type and position. Any trees planted with such consent shall not be lopped, felled or removed without the owner's consent. Occupiers shall not interfere with, or in any way disturb any flora or fauna on the park.
