

What Next?

This consultation is an informal consultation. This means it is the first step in introducing these proposals. The aim of the consultation is to;

- Present the background to the scheme
- Present the way in which the scheme has been developed
- Outline the aim of the proposals
- Outline the detail of the proposals

We are seeking feedback from residents on the proposals through the public exhibition and a survey form.

Following the consultation the first step will be to review all of the feedback received at the event on the survey forms. The information and opinions received, as well as preferred choices will help us review and update the design into a set of final proposals.

These final proposals will be reviewed with Herefordshire Council and the Parish Council.

To implement a number of these measures including the change in speed limit, a further consultation will be required. This will be a statutory consultation on the traffic regulation orders required.

Following the statutory consultation the final proposals will be prepared for implementation. The date for implementation will be subject to the outcome of the various stages, but is anticipated to be in Spring 2019.
