**Q2. Do you agree that this (Madley) could be a suitable site for up to 10 residential traveller pitches**

No

**Q2a. If no, please explain:**

Definitely not, they destroyed the land before, the area is part of an industrial estate, one section being one of the biggest storage facilities of construction equipment, not exactly safe. Crime numbers shot up around the village and residents felt unsafe. Totally not fair on the village, they tried it once and it was a disaster. Not fair on the community that pay their taxes and council tax and don't destroy where they live. People have tried and tried again to accommodate these types of sites but unfortunately areas are not taken care of. Huge amounts of rubbish gets dumped, havoc is created and there is always trouble. Surely someone can this this area is totally unfit for purpose!

Somewhere that isn't close to a village, where opportunists take advantage!
