

Traveller Sites Document – Additional Pitches Consultation

We would like to know your views on additional sites that are being considered for residential Travellers as part of the Travellers' Sites Development Plan Document.

An initial desk top assessment of the sites has taken place, and they are deemed to have potential, subject to consultation and further technical assessment. Please refer to the maps in the additional sites consultation document for the location and proposed number of pitches.

This questionnaire is also available to complete online at the following web address:
www.herefordshire.gov.uk/traveller-sites-consultation

1. Land at Oakfield, Nash End Lane, Bosbury

Do you agree that this could be a suitable site for up to 4 additional residential traveller pitches?

Yes x
No O

If no, please explain.....
.....

Do you have any further comments on this site?

Yes O

Please explain.....
.....

2. Land at Stoney Street, Madley

Do you agree that this could be a suitable site for up to 10 residential traveller pitches?

Yes O
No x

If no, please explain: This site is serviced by an already over used B road, any travellers site should be located close to a much larger road network, ideally close to other similar sites. The minor road leading to the site is prone to flooding and used by noisy heavy vehicles, the site will also suffer from noise when the Brightwell sales are held. The site does not fit in with local NDP policies. There are no local amenities near by and it will place additional burden on an already over stretch surgery and schools.

Q2 continued...

Do you have any further comments on this site?

Yes

There was previously a temporary travellers site at this location and it is believed that crime figures did increase during this period, there is a very limited police presence in this area. There was also an adverse impact on neighbouring properties.

3. Do you have any suggestions of alternative or additional sites to help meet the need for pitches and plots in Herefordshire?

Yes:

Increase the size of already established sites in suitable areas.

No

4. Do you have any other comments on the consultation that are not covered by these questions?

Yes

.....

.....

No

(Please use additional section at the back of the questionnaire if you need extra space for comment on any of the questions.)

Please complete your contact details.
