Subject: Re: Traveller Sites Development Plan

Dear Angela,

Thank you for your very helpful email. I am in favour of your proposals for the four extra sites at the privately run site at Bosbury and for the proposed new ten pitch privately owned and run site at Madley. This could make an excellent long term site if kept well managed.

I am very keen to see a good quality transit site just off the A49 near Leominster. This site is on a well used route and it is essential that Herefordshire Council has a good and practical transfer site when the need arises.

Thank you for allowing me to comment.

Kind regards,

Cllr. Sebastian Bowen

Chairman of the General Scrutiny Committee
