

Traveller Sites Document – Additional Pitches Consultation

We would like to know your views on additional sites that are being considered for residential Travellers as part of the Travellers' Sites Development Plan Document.

An initial desk top assessment of the sites has taken place, and they are deemed to have potential, subject to consultation and further technical assessment. Please refer to the maps in the additional sites consultation document for the location and proposed number of pitches.

This questionnaire is also available to complete online at the following web address:

**1. Land at Oakfield, Nash End Lane, Bosbury**

**Do you agree that this could be a suitable site for up to 4 additional residential traveller pitches?**

Yes  x  
No  O

If no, please explain.....  
.....

**Do you have any further comments on this site?**

Yes  x

Please explain..... There is already a travellers site at Bosbury and therefore it would make sense to add additional pitches to an already established site. With there being a Travellers community in place the intergration process would be easier with all the amenities and location complete.

**2. Land at Stoney Street, Madley**

**Do you agree that this could be a suitable site for up to 10 residential traveller pitches?**

Yes  O  
No  x

If no, please explain..... It is an Industrial area with a large Chicken farm, an Auction site and other factories and businesses with heavy machinery, lorries and other traffic coming and going to and from these sites day and night. Not to mention the light and noise pollution. This doesn't comply with H4 and RA3 policies. There has been increase in large scale residential developments in the surrounding villages in the area placing

pressure on schools, GP Surgery and other amenities including the road and drainage infrastructure. The lanes are narrow and the volume and speed of traffic are having a negative effect.
