

Disclaimer: Not all flood events have been recorded and the map is based on the available data at the time. Entries on the Welsh Water and Severn Trent flood registers are plotted to the nearest OS grid. Welsh Water and Severn Trent undertake improvements to the network to eliminate the identified risk.

Welsh Water data was updated in January 2019 and Severn Trent data was updated in March 2017.

More detailed mapping is provided in Appendix E to J for the key urban areas.
