All representations will be considered by the Planning Inspector as part of the examination of the Plan. The purpose of the examination is to enable the inspector to decide whether the Plan is 'sound'.

For a Plan to be sound, it must be:

- **Legally compliant.** This means that the Plan meets the legal requirements under Section 20(5) (a) of the 2004 Act (as amended by the Localism Act 2011) and the Town and Country Planning (Local Planning) (England) Regulations 2012.
- **Positively prepared.** This means that the Plan should seek to meet objectively assessed needs and infrastructure requirements where it is reasonable to do so and where this is consistent with achieving sustainable development.
- **Justified.** This means that the Plan should be the most appropriate strategy, considered against reasonable alternatives.
- **Effective.** This means that the Plan should be deliverable and based on effective joint working on cross-boundary priorities.
- **Consistent with national policy.** This means that the Plan should enable the delivery of sustainable development in accordance with the National Planning Policy Framework 2019 and Planning Policy for Traveller Sites 2015.
