Subject: Re: Travellers Sites Development Plan - Still time to have your say

I have no objection to the travellers sites development plan as long as it is not sited on the field at the back of my house at REDACTED. I also object strongly to the proposal by Taylor Wimpy to build on this land. It has very dangerous access, no main sewage and supports abundant wild life, so I sincerely hope that if planning permission is submitted it will be refused. Thank you, Mrs Phyllis Lancett
