

**Herefordshire Local Plan
Core Strategy
Proposed MAIN Modifications**

March 2015

Main Modifications

This schedule contains main modifications that the Council is proposing in order to address issues that were raised at the Examination Hearings Sessions that took place between 10–25 February 2015. These main modifications are proposed in order to make the Local Plan Core Strategy ‘sound’ and are published for a six week public consultation period between **Friday 20 March and Friday 1 May 2015**.

1. All Policy Numbers, paragraph numbers, figure numbers are taken from the Core Strategy Pre-Submission Publication May 2014. The proposed main modifications are listed in the order they appear in the pre-submission version of the plan.
2. For each main modification, information on the proposed change and the reason for that change is given. Where new wording is proposed to policies and the explanatory text it has been underlined. Where it is proposed to delete wording from policies or text this is shown as ~~crossed-out~~. Each Main Modification has been given a reference number beginning ‘MM..’. This reference should be used on the representation form.
3. A schedule of minor modifications has also been prepared. These minor modifications relate to factual updates and corrections to wording etc. The Inspector will not consider the minor modifications and therefore they do not form part of this consultation.

Modifications have been defined as “Main” where they usually involve a change to a policy or other text of the Core Strategy which would impact upon the implementation of a policy. Many of the Modifications make changes to wording in order to clarify or update the plan. However, there are some elements of the Main Modifications which propose more significant changes, these include:

- The deletion of the minerals and waste policies and supporting text (Policies M1-6/W1-5) together with consequential modifications at other relevant sections of the plan and the commitment to future preparation of a separate minerals and waste plan are included in Main Modification 001 (MM001) on pages 1 to 5
- Revisions to the delivery of housing growth and its links with infrastructure particularly Policy SS3 and supporting text are in Main Modification 007 (MM007) pages 8 to 11;
- Revisions to rural development policies RA1 to RA6 and supporting text are in Main Modification 036 to 041 (MM036 – MM041) on pages 42 to 59; and
- Revisions to Policy H1 upon affordable housing policies to reflect recent changes in national policy guidance are in Main Modification 042 (MM042) on pages 59 to 61;

All representations should, if possible, be completed on a representation form and can only relate to the Main Modifications proposed in this schedule and not to other parts of the Core Strategy. **All representation forms must be received by the end of Friday 1 May 2015.**

All the documentation is available at <https://www.herefordshire.gov.uk/posthearing> and in the County’s libraries and customer service centres.

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
Minerals and Waste - the deletion of the minerals and waste policies and supporting text (Policies M1-6/W1-5) in the submitted plan and the commitment to future preparation of a separate minerals and waste plan			
MM01.	1.7	<p>Amend paragraph to read: When adopted, the Core Strategy policies will replace most Unitary Development Plan (UDP), 2007 policies. However, some of the policies contained in the previous UDP have been saved (see appendix 1) and will remain in force until replaced by other Development Plan Documents and Neighbourhood Development Plans. Together with the Hereford Area Plan DPD, <u>Minerals and Waste Local Plan</u>, <u>Natural Resources DPD</u>, <u>Travellers' Sites Document (DPD)</u> and other Development Plan Documents and Neighbourhood Development Plans, the Core Strategy will form the statutory "development plan" for Herefordshire. A Policies Map will sets out the strategic designations in the County. for all Development Plan Documents, once they have been examined and adopted. In the meantime, many environmental designations continue to be shown on the adopted Unitary Development Plan 2007 Proposals Map, which can be found on the council's website.</p>	<p>To update the Core Strategy To remove unnecessary text. (See amended Appendix in tracked change version of the Core Strategy on the Herefordshire Council website)</p>
	1.13	<p>Delete existing paragraph: A Herefordshire Natural Resources Development Plan Document (Natural Resources DPD) will be prepared. This will establish targets and planning policies relating to minerals and waste activities and development for Herefordshire to cover the plan period to 2031. This DPD is included in the council's Local Development Scheme. <u>Natural resources Minerals and Waste</u> 1.13 <u>Minerals and waste policies will be dealt with through a separate Minerals and Waste Local Plan development plan document (DPD). This will be produced taking account of the National Planning Policy Framework (NPPF), the minerals and waste sections of Planning Practice Guidance and up to date evidence base studies and ensuring close cooperation with neighbouring local authorities on cross-boundary issues. It will establish targets and planning policies relating to minerals and waste activities and associated development in Herefordshire to cover the plan period to 2031. The timetable for the production of this DPD will be included in a revised Local Development Scheme. Until the Minerals and Waste Local Plan is adopted, the minerals and waste sections of the Herefordshire Unitary Development Plan will be 'saved' and remain in force until replaced by the Minerals and Waste Local Plan.</u></p>	<p>To reflect revised process for dealing with minerals and waste issues.</p>

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
	2.35	Delete Paragraph: Minerals and waste 2.35 Known mineral resources in Herefordshire are relatively limited in range, primarily consisting of aggregates (sand, gravel and crushed rock (limestone)). Aggregates from Herefordshire quarries supply both local markets and the wider area. The main non-aggregate mineral being worked is sandstone for use as building stone and roof tiles. In contrast to the aggregate quarries, the extraction of sandstone is a small-scale operation dependent on need and market demand. The continued extraction of aggregates and sandstone will be required to meet future growth demands, local sandstone being vital for building restoration, as well as maintaining local characteristics.	Text deleted to reflect revised process for dealing with minerals and waste issues.
	2.36	Delete paragraph: In partnership with Worcestershire County Council, Herefordshire has prepared a Joint Municipal Waste Management Strategy up to 2034. This has been reviewed in light of legislative and fiscal changes. Waste levels have declined since 2004 and recent initiatives have been effective in increasing household recycling of waste (40% in 2010-11) and reducing the amount going to landfill. The levels of waste generated and how this is treated remain an issue, especially as populations grow.	Text deleted to reflect revised process for dealing with minerals and waste issues.
	3.14	Amend paragraph to read: New development will be designed and constructed in ways to ensure that local distinctiveness is reinforced. The wider impacts of climate change will be addressed by reducing carbon emissions, minimising pollution and the risk of flooding, ensuring availability of natural resources and by providing appropriate waste management and recycling facilities and renewable energy schemes <u>The provision of appropriate waste management and recycling facilities and renewable energy schemes will be guided through the policies of the Minerals and Waste Local Plan.</u>	To update the plan, and reflect revised process for dealing with minerals and waste issues.
	Fig 3.1	Delete from third column for objective 11 Core Strategy policies – MN1-6, W1-5	To update the plan, and reflect revised process for dealing with minerals and waste issues.
	3.107	New waste facilities are to be integrated into sites suitable for industrial use close to the origin of such waste. Proposals to minimise waste, including re-use, recycling and treatment, will need to have	To update the plan, and reflect revised process for dealing with minerals and

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p>been considered in the design of new large scale developments. Mineral resources are safeguarded through Minerals Safeguarding Areas and targets are set for sand, gravel and crushed rock extraction to meet adopted targets. The policies in the Place Shaping section and the general environmental quality policies will deliver this part of the strategy. The strategy of promoting better use of resources is dealt with in policies of the Place Shaping and general environmental policies sections. In addition, the Minerals and Waste Local Plan will provide guidance relating to the safeguarding of mineral resources.</p>	waste issues
	4.2.10	<p>Amend paragraph to read: Non-strategic policies and proposals will be contained within the Hereford Area Plan, <u>Minerals and Waste Local Plan</u>, master plans and additional supplementary guidance. These documents will include consideration of: Amend 6th bullet point to read:</p> <ul style="list-style-type: none"> • <u>Enhancement proposals for the historic core and heritage assets including archaeology</u> 	To update reference to the preparation of the Minerals and Waste Local Plan and to clarify the policy.
	New para after 4.2.81	<p>Insert new section and paragraph after 4.2.81: Minerals <u>The expansion area is subject to a safeguarding policy in respect of mineral reserves (sand and gravel). Applications for development will be assessed in this respect using the saved UDP policy M5 until this is replaced by the Minerals and Waste Local Plan policy.</u></p>	To confirm the basis on which mineral reserves will be safeguarded.
	5.3.1	<p>Diagram following para 5.3.1</p> <p>Delete 3rd column labelled “Natural Resources minerals” Delete 4th column labelled “Natural Resources waste”</p> <p>Future planning policy</p> <p>The strategic policies outlined above will underpin site specific policies. Alongside Core Strategy policies, future components of Herefordshire Council’s Local Plan, <u>including the Minerals and Waste Local Plan</u>, other Development Plan Documents and supplementary planning documents, will be shaped through the relevant evidence base and consultation with local communities through Neighbourhood Development Plans</p>	To update the plan and reflect revised process for dealing with minerals and waste issues.

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
	5.3.71 to 5.3.113	<p>Delete Polices M1, M2, M3 M4, M5, M6, W1, W2, W3, W4 and W5</p> <p>Delete everything from para 5.3.71 to para 5.3.113 inclusive</p>	To update the Core Strategy in relation to Minerals and Waste. These issues will be addressed through the Minerals and Waste Local Plan.
	5.3.114	<p>Environmental quality monitoring indicators:</p> <p>In addition to the indicators listed in previous sections, the following indicators will be used to measure the effectiveness of the general policies (some are aspirational):</p> <ul style="list-style-type: none"> ▪ changes in the areas of designated nature conservation sites as a consequence of planning permission; ▪ proportion of local sites where positive conservation management has or is being implemented; ▪ number of listed buildings and scheduled ancient monuments on buildings at risk register (English Heritage); ▪ net change in condition of SSSI's (Natural England); ▪ number of applications granted planning permission contrary to the advice of statutory agencies (e.g. English Heritage, Natural England or the Environment Agency); ▪ percentage of river length assessed as good biological or chemical quality (EA) in particular so far as they relate to the measures within the Nutrient Management Plan; ▪ phosphate levels within the River Wye SAC and adjoining tributaries that receive increased phosphates from Core Strategy growth; ▪ completed development that has resulted in loss/restoration/creation of <u>BAP Habitats of Principal Importance (Priority Habitats)</u>; ▪ percentage of total residential applications at below 30 dwellings per hectare; ▪ number of residential applications at less than 1.5 parking spaces per unit; ▪ the need for, frequency and outcomes of planning enforcement investigations/ planning appeals concerning the aspects of local loss of locally important buildings within a conservation area; 	To update the Core Strategy in relation to Minerals and Waste. To remove unnecessary text.

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<ul style="list-style-type: none"> ▪ number of developments meeting and surpassing national design standards; ▪ maintaining Herefordshire Council’s County Site and Monuments Register; <u>and</u> ▪ comparison of mineral production figures with national and sub-national apportionments; ▪ estimates of permitted and useable land banks for aggregates (sand, gravel and crushed rock); ▪ after-use of sites especially wildlife habitat creation; ▪ the production of secondary (reused and recycled) aggregates; and ▪ data on the use of the railhead at Moreton-on-Lugg; and <ul style="list-style-type: none"> ▪ summary of proposals contributing to the Green Infrastructure Strategy from the above and any other measures. 	
Section 1: Introduction and Background			
MM02.	1.16	<p>After para 1.16 insert new paras:</p> <p><u>*.** Neighbourhood development plans are required to be in general conformity with the strategic policies of the development plan for the area in order to meet ‘the basic conditions’ With this regard, the whole Core Strategy is defined as being ‘the strategic policies contained within the development plan for the area’ in terms of Paragraph 8 Schedule 4B of the Town and Country Planning Act (1990).</u></p> <p><u>*.** Significant progress is being made on a number of neighbourhood development plans across the county. However, to ensure delivery, areas without a designed neighbourhood area by the adoption of the Core Strategy will be included within the ‘Rural Area Site Allocation Development Plan Document’. Monitoring of neighbourhood plan progress will take place and consideration will be given to those areas not making progress to Regulation 14 draft by the Issues and Options stage of the Rural Area Site Allocation DPD for their inclusion within the document.</u></p>	To provide further updated information with regards to Neighbourhood Development Plans in Herefordshire.

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
MM03.	1.17	<p>Delete paragraph and replace with new paragraph.</p> <p>Through neighbourhood planning, local communities are able to choose where they want new homes, shops and offices to be built; have their say on what those new buildings should look like, and grant planning permission for the new buildings they want to see go ahead. For example, the 'Community Right to Build' programme allows communities to choose where and when to build homes, shops, facilities and businesses, depending entirely on what local people decide their community needs are. The Community Right to Build scheme will help communities to gain planning permission for the developments they want to take place; with the benefits of development (for example profits), being managed by a community organisation, for the community.</p> <p><u>The Community Right to Build enables community organisations to progress new local developments without the need to go through the normal planning application process, as long as the proposals meet certain criteria and there is community backing in a local referendum. Communities may wish to build new homes or new community amenities, and providing they can demonstrate overwhelming local support, the Community Right to Build will give communities the powers to deliver this directly. All profits derived from a Community Right to Build must be used for the benefit of the community, for example to provide and maintain local facilities such as village halls. Communities which wish to use the new powers must produce and submit a Community Right to Build Order. A proposal can be developed as part of the Neighbourhood Development Plan, or on its own.</u></p>	To clarify text.
MM04.	Fig 3.1	<p>8 To strengthen the economic viability of the market towns, villages rural settlements and their surrounding rural hinterlands areas by facilitating employment generation and diversification, improving delivery and access to services through housing (including affordable housing) and improved ICT as well as realising the value of the environment as an economic asset</p> <p>Insert new objective 8a :</p> <p><u>8a To support and to encourage the development and diversification of the county's historic strength in land-based industries, including agriculture and food production, to provide for the maintenance of a thriving, productive, efficient, competitive and sustainable agricultural sector, recognising the high importance of this sector to the county's economy as a whole and to the rural economy in particular."</u></p> <p>Core Strategy policies – SS5, RA6, E1</p>	To recognise the importance of land based industries and agriculture to the economic prosperity of the county.

MM05.	SS2	<p>Policy SS2 - Delivering new homes</p> <p>A supply of deliverable and developable land will be identified to secure the delivery of a minimum of 16,500 homes in Herefordshire between 2011 and 2031 to meet market and affordable housing need.</p> <p>Hereford is the focus for new housing development to support its role as the main centre in the county. Outside Hereford, the main focus for new housing development will take place in the market towns of Bromyard, Kington, Ledbury, Leominster and Ross on Wye, on existing or new allocations to enhance their roles as multi-functional centres for their <u>surrounding rural hinterlands areas</u>. In the rural areas new housing development will be acceptable where it helps to meet local housing needs and requirements, supports the rural economy and local services and facilities and is responsive to the needs of its community. Outside of villages, new development will be carefully controlled to protect the countryside for its own sake. . <u>In the wider rural areas new housing will be carefully controlled reflecting the need to recognise the intrinsic character and beauty of the countryside.</u></p> <p>The use of previously developed land in sustainable locations will be encouraged. Residential density will be determined by local character and good quality design. The target net density across the county is between 30 and 50 dwellings per hectare, although this may be less in sensitive areas</p> <p>The broad distribution of new dwellings in the county will be a minimum of:</p> <table border="1" data-bbox="427 799 1576 1219"> <thead> <tr> <th>Place</th> <th>Facilities</th> <th>New homes</th> </tr> </thead> <tbody> <tr> <td>Hereford</td> <td>Wide range of services and main focus for development</td> <td>6,500</td> </tr> <tr> <td>Other urban areas – Bromyard, Kington, Ledbury, Leominster, Ross on Wye</td> <td>Range of services and reasonable transport provision – opportunities to strengthen role in meeting requirements of surrounding communities</td> <td>4,700</td> </tr> <tr> <td>Rural Villages <u>Settlements</u> see list in Place - Shaping section</td> <td>More limited range of services and some limited development potential but numerous locations</td> <td>5,300</td> </tr> </tbody> </table>	Place	Facilities	New homes	Hereford	Wide range of services and main focus for development	6,500	Other urban areas – Bromyard, Kington, Ledbury, Leominster, Ross on Wye	Range of services and reasonable transport provision – opportunities to strengthen role in meeting requirements of surrounding communities	4,700	Rural Villages <u>Settlements</u> see list in Place - Shaping section	More limited range of services and some limited development potential but numerous locations	5,300	To update the policy in line with the NPPF and achieve consistency of terminology.

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
MM06.	3.40	<p>Delete the paragraph: “The ability for self build homes and co-housing schemes to come forward either by individuals or community groups will be facilitated through Neighbourhood Development Plans or Development Plan Documents. These will look to allocate specific sites.</p> <p>Replace with; <u>‘The council recognises that individual or group self and custom build projects will contribute to the delivery of homes over the plan period. These may be in the form of affordable, low cost market and open market housing. The council will encourage and support this type of development where the proposals are in line with the relevant policies of the Core Strategy and neighbourhood plans. Specific sites may be allocated for this type of development in Area and Neighbourhood Development Plans where a demand for this type of development has been demonstrated.</u></p>	To strengthen reference to self and custom build in line with Government guidance
Revisions to the delivery of housing growth and its links with infrastructure particularly Policy SS3:			
MM07.	SS3	<p>Delete existing ‘Policy SS3 Releasing land for residential development’: Sufficient land for residential development will be released to ensure the Core Strategy housing target is achieved over the plan period. The release of specific sites may be phased or delayed to ensure that necessary infrastructure is in place to support the new development or in order to safeguard the integrity of the River Wye Special Area of Conservation (SAC) from significant adverse effects. In releasing residential land priority will be given to the identified strategic proposals and the re-use of brownfield land in sustainable locations. The approach towards release of sites will be kept under review through the annual monitoring process. If rates of delivery or evidence from monitoring indicate that the number of new dwellings will exceed or fall below the target figure by 20% over a period of 3 or more years, the timescales for the release of sites shown in Figure 3.5 will be reconsidered or Herefordshire Council will identify additional land through the preparation of other Development Plan Documents.</p> <p>and replace with:</p>	To update the policy in line with the NPPF (See amended Appendix in tracked change version of the Core Strategy on the Herefordshire Council website)

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p><u>Policy SS3 -Ensuring sufficient housing land delivery</u></p> <p><u>A sufficient supply of housing land will be maintained to ensure the delivery of the Core Strategy housing target as set out in Policy SS2 over the plan period. The rate of housing delivery and supply will be assessed through the annual monitoring process. If monitoring demonstrates that the number of new dwelling completions is below the cumulative target figure over a 12-month monitoring period (1 April – 31 March) as set out in the housing trajectory in Appendix 4 the Council will prioritise increasing housing supply in the following monitoring periods using appropriate mechanisms which, depending on the scale and nature of potential under-delivery, will include:</u></p> <ul style="list-style-type: none"> • <u>A partial review of the Local Plan – Core Strategy; or</u> • <u>The preparation of new Development Plan Documents; or</u> • <u>The preparation of an interim position statement and utilising evidence from the Strategic Housing Land Availability Assessment to identify additional housing land.</u> <p><u>A range of strategic housing proposals are identified which are key to the delivery of the spatial strategy. In addition there are elements of key infrastructure which will need to be provided to enable full delivery of the strategic housing targets. The Council will work with developers and other stakeholders to ensure the timely development of these strategic proposals and the key infrastructure requirements.</u></p> <p><u>Appendix 5 sets out the relationships between the delivery of housing and the timing of the main infrastructure requirements. It also identifies actions necessary to safeguard the integrity of the River Wye Special Area of Conservation (SAC) from significant adverse effects. The Council will actively monitor the relationships identified in this appendix. Any material delays in the implementation of identified infrastructure or environmental safeguards and which will lead to under-delivery of housing supply will inform the implementation of the range of measures set out above to ensure plan-led corrective measures are put in place.</u></p>	
3.42		<p>Overall the delivery of the housing levels and distribution proposed in the Core Strategy is dependent upon necessary infrastructure being funded and delivered. Figure 3.5 provides an initial indicative county wide trajectory for the housing provision based upon the likely release of strategic sites in the county. This trajectory suggests that housing completions will be back-loaded, starting with around</p>	<p>To reflect the changes made to SS3 (See amended Appendix in tracked change version of the Core Strategy on the Herefordshire Council website)</p>

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		600 dwellings per annum during the first five years of the plan period, with the highest levels of housing growth (950 per annum) taking place towards the end of the plan period. A detailed trajectory is set out in Appendix 4. The delivery of housing will be monitored throughout the plan period and may it will need further re-adjustment and added detail to reflect progress on the delivery of the strategic housing sites and key elements of infrastructure.	
	New Para	Add new para after SS3 and before 3.43 as follows <u>*** The delivery and supply of new housing will be monitored on a regular basis and through the annual monitoring process in particular. Appendix 5 sets out an indicative trajectory for total housing completions, which will provide a basis for monitoring completions over the plan period. In the event that the monitoring process demonstrates that the rate of completions have fallen below targets, an early assessment will be made as to the most appropriate mechanism to boost housing delivery depending upon the scale and nature of the issue.</u>	To reflect the changes made to policy SS3 (See amended Appendix in tracked change version of the Core Strategy on the Herefordshire Council website)
3.43		The To achievement of the <u>Core Strategy</u> housing target for the plan period will be challenging, however, there may be <u>is</u> a need to phase the release of new development in specific instances in order to ensure that appropriate and necessary infrastructure is provided either prior to, or co-ordinated with, the development. This will be particularly the case in respect of major elements of infrastructure such as the Hereford Relief Road.	To reflect the changes made to policy SS3
3.44		In addition, the River Wye SAC currently includes sections where the water quality exceeds phosphate level targets and this excess prevents sections of the river from achieving favourable condition. It is also necessary to ensure that sections of river currently meeting the water quality targets do not fail as a result of new development. <u>Natural England and the Environment Agency have prepared a Nutrient Management Plan (NMP) which sets out to control and reduce phosphates in the SAC. The implementation of the actions in the NMP will facilitate the delivery of new development.</u> Natural England and the Environment Agency have committed to the preparation of a Nutrient Management Plan (NMP), the aims of which are to control and reduce phosphates in the SAC. This will facilitate the delivery of new development. However, the requirements of the NMP may include the need to phase	To reflect the changes made to policy SS3 and to update the plan regarding the Nutrient Management Plan.

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification																																																						
		or delay the release of housing during the plan period. Policy SD4 in the General Policies section deals specifically with wastewater treatment and river water quality.																																																							
	3.45	“Figure 3.5 sets out an indicative trajectory for total housing completions, which will provide a basis for monitoring completions over the plan period. The supply of new housing will be monitored closely and if rates of development fall significantly below targets, an assessment will be made as to whether the early release of housing allocations is appropriate in order to boost delivery.”	To reflect the changes made to policy SS3																																																						
	3.46	Delete paragraph: “The figure of 20% variation in rates of delivery, above or below, on a county wide basis will ‘trigger’ the need to explore intervention. Delivery rates are anticipated to be lower in the early years of the Plan. Therefore considerations of the need for any interventions in the case of under delivery may not be required until the middle/latter stages of the plan period. It should be noted that the supply/delivery situation will not be based on single year delivery rates, but on an assessment of the situation over at least 3-5 years. Should completion rates significantly exceed anticipated rates of development, intervention will only be necessary where the rate of development is resulting in the objectives of the Core Strategy not being achieved.”	To reflect the changes made to policy SS3																																																						
	Fig 3.5	<p>Delete Figure 3.5 Figure 3.5 – Indicative housing trajectory 2011–31</p> <table border="1"> <thead> <tr> <th></th> <th>2011-16</th> <th>2016-21</th> <th>2021-26</th> <th>2026-31</th> <th>Total</th> </tr> </thead> <tbody> <tr> <td>Hereford</td> <td>1000</td> <td>1500</td> <td>2000</td> <td>2000</td> <td>6500</td> </tr> <tr> <td>Leominster</td> <td>300</td> <td>500</td> <td>700</td> <td>800</td> <td>2300</td> </tr> <tr> <td>Ross-on-Wye</td> <td>250</td> <td>275</td> <td>175</td> <td>200</td> <td>900</td> </tr> <tr> <td>Ledbury</td> <td>180</td> <td>350</td> <td>210</td> <td>60</td> <td>800</td> </tr> <tr> <td>Bromyard</td> <td>120</td> <td>125</td> <td>125</td> <td>130</td> <td>500</td> </tr> <tr> <td>Kington</td> <td>30</td> <td>40</td> <td>60</td> <td>70</td> <td>200</td> </tr> <tr> <td>Rural Areas</td> <td>1120</td> <td>1460</td> <td>1230</td> <td>1490</td> <td>5300</td> </tr> <tr> <td>Herefordshire</td> <td>3000</td> <td>4250</td> <td>4500</td> <td>4750</td> <td>16500</td> </tr> </tbody> </table>		2011-16	2016-21	2021-26	2026-31	Total	Hereford	1000	1500	2000	2000	6500	Leominster	300	500	700	800	2300	Ross-on-Wye	250	275	175	200	900	Ledbury	180	350	210	60	800	Bromyard	120	125	125	130	500	Kington	30	40	60	70	200	Rural Areas	1120	1460	1230	1490	5300	Herefordshire	3000	4250	4500	4750	16500	To reflect the changes made to policy SS3 and addition of Appendix 4 (See amended Appendix in tracked change version of the Core Strategy on the Herefordshire Council website)

MM08.	SS4	<p>SS4 – Movement and transportation</p> <p>New developments should be designed and located to minimise the impacts on the transport network; ensuring that journey times and the efficient and safe operation of the network are not detrimentally impacted. Furthermore, where practicable, development proposals should be accessible by and facilitate a genuine choice of modes of travel including walking, cycling and public transport.</p> <p>Development proposals that will generate high journey numbers should be in sustainable locations, accessible by means other than private car. Alternatively, such developments will be required to demonstrate that they can be made sustainable by reducing unsustainable transport patterns and promoting travel by walking, cycling and public transport</p> <p>“Proposals to provide new and improved existing public transport, walking and cycling infrastructure will be supported. Where appropriate, land and routes will be safeguarded <u>as required in future local or neighbourhood development plans</u> and developer contributions, <u>which meet the statutory tests</u>, sought to assist with the delivery of new sustainable transport infrastructure, including that required for alternative energy cars.”</p> <p>“Herefordshire Council will work with the Highways Agency, national organisations <u>Network Rail, bus and train operators</u>, developers and local communities to bring forward improvements to the local and strategic transport network to reduce congestion, improve air quality and road safety and offer greater transport choices, including the provision of the following major schemes:</p> <ul style="list-style-type: none"> • ESG Link Road (safeguarded route) and Transport Hub; • Hereford Relief Road; • Southern Leominster Relief Road; • Connect 2 Cycleway in Hereford; 	<p>To confirm the mechanism for safeguarding land and routes.</p> <p>To confirm the basis on which developer contributions will be sought.</p> <p>To clarify the range of partner organisations involved in policy implementation.</p> <p>To ensure consistent terminology throughout the plan.</p>

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<ul style="list-style-type: none"> • Park and Ride schemes; and • other schemes identified in the Local Transport Plan and Infrastructure Delivery Plan. <p>Proposals which enable the transfer of freight from road to rail will be encouraged. Development proposals incorporating commercial vehicular movements that could detrimentally impact on the environmental quality, amenity, safety and character of the surrounding locality will be expected to incorporate evidence demonstrating how the traffic impacts are to be mitigated.</p>	
MM09.	3.72	<p>Add to end of para: <u>The county has a high proportion of small and medium sized enterprises and the council will offer continuing support for such businesses in future.</u></p>	To recognise the ongoing role of small businesses
MM010.	3.76	<p><i>The Employment Land Study 2012</i> states that the emerging Core Strategy has an overall target of 148 hectares (ha) of available employment land over the plan period, which includes a rolling five year reservoir of 37 ha. Based on the output of projecting past completion rates, the overall target of 148 ha outlined in the emerging Core Strategy would provide a robust level of supply and would enable a wide range and choice of employment sites across the county to be provided throughout the plan period. Higher quality land referred to in this policy is that defined as “best” and “good” in the 2012 Study and is subject to more detailed discussion in policy E2. <u>Appendix 6 sets out details regarding the provision of strategic employment land and its delivery and monitoring and review</u></p>	To reflect the addition of Appendix 6 (See amended Appendix in tracked change version of the Core Strategy on the Herefordshire Council website)
MM011.	SS6	<p>Policy SS6 – Environmental quality and local distinctiveness</p> <p>Development proposals should conserve and enhance those environmental assets that contribute towards the county’s distinctiveness, in particular its settlement pattern, landscape, biodiversity and historic assets and especially those with specific environmental designations. In addition, proposals should maintain and improve the effectiveness of those ecosystems essential to the health and wellbeing of the county’s residents and its economy. Development proposals should be shaped through an integrated approach to planning the following environmental components from the outset, and based upon sufficient information to determine the effect upon each where they are</p>	

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p>relevant:</p> <ul style="list-style-type: none"> ▪ landscape, townscape and local distinctiveness, especially in Areas of Outstanding Natural Beauty; ▪ biodiversity and geodiversity <u>especially Special Areas of Conservation and Sites of Special Scientific Interest</u> ; ▪ historic environment and heritage assets <u>especially Scheduled Monuments and Listed Buildings</u> ▪ the network of green infrastructure; ▪ local amenity, including light pollution, air quality and tranquillity; ▪ agricultural and food productivity and soils; ▪ physical resources, including minerals, <u>soils</u>, management of waste, the water environment, renewable energy and energy conservation. <p>The management plans and conservation objectives of the county’s international and nationally important features and areas will be material to <u>the determination of</u> relevant development proposals. Furthermore assessments of local features, areas and sites <u>defining local distinctiveness in other development plan documents, neighbourhood development plans and supplementary planning documents</u> where undertaken to define local distinctiveness should inform <u>decisions upon</u> proposals</p> <p>Where the benefits of proposals are considered to outweigh the adverse effects on the environment, or there are competing environmental objectives and full mitigation is not possible, compensatory measures should be advanced</p>	<p>To be consistent in identifying sites/areas with international and national designations</p> <p>To improve clarity about where this information can be found.</p> <p>The issue of mitigation and compensation applies to only a limited number of environmental assets. Where this is applicable it is covered in policies LD1 – LD4...</p>
	3.102	<p>The location of new development proposed should deliver sites that, in almost all cases, protect and/or enhance Herefordshire’s natural, built, historic heritage and cultural assets in the county’s cathedral city, historic market towns, smaller settlements and distinctive countryside. <u>In addition Natural England has prepared conservation objectives for each Special Area of Conservation within the county; it is also consulted upon proposals that might affect Sites of Special Scientific Interest and will be aware of management principles that may be relevant to the maintenance and achievement</u></p>	<p>To add clarity to second paragraph of policy SS6</p>

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p><u>of their favourable conservation status. Management Plans have been prepared for both the Wye Valley and Malvern Hills Areas of Outstanding Natural Beauty. These documents will be relevant to the assessment of effects of development upon these important assets. The most rigorous approaches to assessing the effect of development should be taken for those areas with national or and international environmental designations, including proposals in areas outside but adjacent to having an effect upon them, in accordance with the protection afforded to such areas in the National Planning Policy Framework. Sites and features of local importance should also receive an appropriate level of protection when determining the effects of proposals upon the environment and local distinctiveness. Subsequent policies set out the approach that should be applied in relation to these and a number of supplementary planning documents are also referred in their supporting statement which will also be relevant. Appendix 8 provides lists of those which have been identified at the time of drafting this Core Strategy. However, locally important sites and features should also receive appropriate levels of care when determining the effect of development proposals upon them.</u></p>	
MM012.	SS7	<p>Development proposals will be expected <u>required</u> to include measures which will mitigate their impact on climate change.</p> <p>At a strategic level, this will include:</p> <ul style="list-style-type: none"> • focussing development to the most sustainable locations; • delivering development that seeks to reduce the need to travel by private car and which encourages sustainable travel options including walking, cycling and public transport; • designing developments to reduce carbon emissions and use resources more efficiently; • promoting the use of decentralised and renewable or low carbon energy where appropriate; • supporting affordable, local food production, processing and farming to reduce the county's contribution to food miles*; • protecting the best agricultural land where possible; <p>Key considerations in terms of responses to climate change include:</p> <ul style="list-style-type: none"> • taking into account the known physical and environmental constraints when identifying locations for development; 	To better reflect NPPF.

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<ul style="list-style-type: none"> • ensuring design approaches are resilient to climate change impacts, including the use of passive solar design for heating and cooling and tree planting for shading; • minimising the risk of flooding and making use of sustainable drainage methods; • reducing heat island effects (for example through the provision of open space and water, planting and green roofs); • reduction, re-use and recycling of waste with particular emphasis on waste minimisation on development sites; and • developments must demonstrate water efficiency measures to reduce demand on water resources. including through the use of efficient appliances and exploration of the potential for rainwater recycling <p>Adaptation through design approaches will be considered in more locally specific detail in a Design Code Supplementary Planning Document.</p>	To remove unnecessary detail.
Place Shaping - Hereford			
MM013.	4.2.7	<p>Amend paragraph to read: To achieve this vision, the following policies will ensure that Hereford maintains and enhances its role as a strategic centre. <u>Within the context of the wider Plan in general, and Policies HD1 to HD6 in particular “Hereford” should be regarded in policy terms as the area to be identified within the Hereford Area Plan.</u> They policies reflect its capacity to accommodate additional development without significant harm to local communities and in sustainable locations. Concentrating the largest portion of the county’s development in Hereford will help to develop and support the regeneration of the city in the long term, by capitalising on existing services and other infrastructure and providing greater opportunities for improving and increasing them. Policies HD2, HD4, HD5 and HD6 and the supporting text explain the requirements for the development at the urban extensions in terms of associated infrastructure and facilities</p>	To clarify the policy.

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
MM014.	HD1	<p>Policy HD1- Hereford</p> <p>Hereford will accommodate around <u>a minimum of</u> 6,500 new homes within the plan period and a minimum of 15 ha of new employment land.</p> <p>Major residential development will take place in the following locations:</p> <ul style="list-style-type: none"> • Around 800 new dwellings in Hereford City Centre (HD2) • Around 500 dwellings at the Northern Urban Expansion Area (HD4) • Around 1,000 dwellings at the Western Urban Expansion Area (HD5) • Around 1,000 dwellings at the Southern Urban Expansion Area (HD6) <p>The remaining housing requirement of around 3,200 dwellings will be provided through the implementation of existing commitments, windfall development and <u>the development of non-strategic sites allocated through the production of the Hereford Area Plan or Neighbourhood Development Plans.</u></p> <p>Major employment development will take place in the following locations:</p> <ul style="list-style-type: none"> • 10ha of employment land at the Western Urban Expansion area • Around 5ha of employment land at the Southern Urban Expansion area. <p>Further employment land provision will be made in accordance with Policy HD7</p>	To clarify the policy.
MM015.	HD2	<p>Policy HD2 – Hereford city centre</p> <p>The city centre will accommodate around 800 new homes, <u>the majority</u> to be located within a new urban village. Further residential development will take place through the implementation of existing commitments, re-development of existing brownfield sites, re-use of upper floors above commercial premises, infill development and site allocations through the Hereford Area Plan. A target of 35% of these new homes will be mixed tenure affordable with a density that is compatible with the sustainable urban location of the site.</p> <p>The urban village will be served by safe and attractive pedestrian and cycle links to other areas of the city, the new transport interchange, the Courtyard Arts Centre and nearby areas of green space. A new Link Road will also serve development parcels forming part of the urban village connecting Edgar</p>	To provide greater clarity to text and to update as appropriate. Amendment to threshold for retail impact study to ensure vitality and viability of the City Centre.

		<p>Street to the west and Commercial Road to the east (with a spur linking Blackfriars Street to the south), as well as assisting in reducing traffic within the core of the city.</p> <p>Newmarket Street, Blueschool Street and Commercial Square will be re-designed to become safe and attractive routes for pedestrian and cyclists, with improved public transport facilities and enhanced connectivity between the historic city centre and regeneration area partly facilitated by the construction of the new link road.</p> <p>The urban village will be complemented by other uses and infrastructure forming part of the wider regeneration area creating a sustainable mixed use development, <u>which respects and where possible enhances the historic environment.</u> These include the following:</p> <ul style="list-style-type: none"> • a canal basin forming the terminus of the Herefordshire and Gloucestershire Canal will be created <u>land and contributions towards a canal basin forming the terminus of the Herefordshire & Gloucestershire Canal, which is being delivered by the Hereford & Gloucester Canal Trust;</u> • each stage of development which adjoins Widemarsh Brook will be <u>maximise opportunities for</u> enhanced for biodiversity, to provide flood relief and sustainable surface water drainage solutions and optimised as a green infrastructure link; • Herefordshire Council in partnership with public transport operators will deliver <u>an integrated transport interchange will be developed</u> close to the railway station to maximise opportunities for sustainable travel; • opportunities for new commercial, tourism, education (<u>including tertiary facilities</u>) leisure, health, civic and police and fire uses will be available to meet any identified need; • Herefordshire Council will work with the tenant(s) of Edgar Street football stadium to explore opportunities for the a sports led mixed-use redevelopment of parts of Hereford United Football Ground, incorporating new spectator stands, will be sought; and • new public car parking facilities. <p>In order to maintain and enhance the viability and vitality of the city centre, new retail uses will be</p>	

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p>focused to the core of the city centre as defined below. Any identified need for further major retail development over the plan period will be met through further development within the Eign Gate <u>and that part of the Edgar Street regeneration area which lies within the defined town centre</u>, including the former livestock market site <u>Old Market</u>, along Blueschool Street and through the refurbishment and re-development of the Buttermarket.</p> <p>Within Hereford city centre, new developments including changes of use will be approved where they:</p> <ul style="list-style-type: none"> • provide new commercial and office space in appropriate city centre locations including above existing retail and commercial premises; • maintain and enhance the vitality and viability of the city centre. Proposals for town centre uses outside the defined town centre will be subject to the sequential test and applications for development over 1,250 <u>700</u> m² gross floor space will require an impact assessment to determine whether there could be any adverse impacts on the town centre; • improve overall accessibility by walking, cycling and public transport; • provide new, or enhanced sport, recreation and leisure facilities for local residents and visitors; • provide new and improve existing cultural and tourism attractions and facilities, which respect the city's historic character and local distinctiveness; • enable the provision of a canal basin with associated wharfage and visitor centre; • enable the protection, <u>conservation</u> restoration and enhancement of Hereford's natural and heritage assets <u>there significance and setting</u>, including archaeology, with particular regard to the historic street patterns and the skyline. 	

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
	4.2.16	Amend paragraph to read: The development of the urban village will provide <u>the majority of the around 800 new homes in the city centre</u> . These will comprise a mixture of apartments and family housing at a minimum average density of 50 dwellings per hectare. 35% of these homes will be affordable, with different types of tenures available, to satisfy identified local needs. Housing will be delivered that meets the needs of all sections of the community, including housing for older persons – a need highlighted in the study of the <i>Housing and Support Needs of Older People in Herefordshire 2012</i> . All homes will be constructed to high energy efficiency standards in accordance with other policies in this plan	To clarify the policy
	4.2.21	Proposals for office uses outside the city centre will be subject to the sequential approach, as outlined in policy E5. Proposals for offices which have a gross floor space of <u>1,250 700</u> m ² or over, outside the city centre will be required to provide an impact assessment which meets the requirements of the National Planning Policy Framework and policy E5	Amendment to threshold for town centre impact assessments to reflect updated evidence presented at the hearings and to ensure vitality and viability of the town centre.
	4.2.27	Community and Education facilities Contributions and/or community infrastructure levy monies will be sought from new development for the enhancement of primary and secondary education facilities to accommodate increased demand from new residents. <u>The city centre will play a role in providing greater access to higher education. At the time of adoption there is an ambition to create a University in Hereford, the principal of which is fully supported by Policy SC1</u>	To update text in relation to University.
	4.2.31	The city centre of Hereford, referred to as 'town centre' for purposes of Policy E5, is defined in Figure 4.3 and includes primary and secondary frontages <u>which will be defined by the Hereford Area Plan (HAP)</u> . Retail development will be concentrated in the town centre. Applications for proposals which have a gross floor space of <u>1,250-700</u> m ² or over, outside the defined centre as defined by the HAP , will be required to provide an impact assessment which meets the requirements of the National Planning Policy Framework and policies E5 and E6	Amendment to threshold for town centre impact assessments to reflect updated evidence presented at the hearings and to ensure vitality and viability of the town centre.

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
	4.2.37	Any proposals for leisure uses outside the city <u>town</u> centre, having a gross floor space of 1,250 <u>700</u> m ² or over, will be subject to the sequential test and be required to provide an impact assessment which meets the requirements of the National Planning Policy Framework and policy E5.	Amendment to threshold for town centre impact assessments to reflect updated evidence presented at the hearings and to ensure vitality and viability of the town centre.
	Fig 4.3	Delete Figure 4.3, and replace with a new map showing the Old Market and Link Road to set the city centre into proper context at time of adoption	The map is out of date and will be reviewed as part of the Hereford Area Plan. In the meantime UDP policy TCR1 and UDP Inset Map HER 2 are saved and will be used for the purposes of development management. The replacement map shows the route of the link road and the 'Old Market' shopping area.
MM016.	HD3	<p><u>Policy HD3 - Hereford movement</u></p> <p>Herefordshire Council will:</p> <ul style="list-style-type: none"> • maintain and improve Hereford's economy by increasing connectivity to the national and local transport networks by reducing congestion and improving journey time reliability using a range of funding mechanisms including council funding, public funding, European funding, developer contributions and/or community infrastructure levy monies to fund the following: • <u>improve health, wellbeing and the environment by improving air quality and reducing noise through maximising opportunities for the use of sustainable transport modes, particularly for short distance journeys.</u> <p><u>Herefordshire Council will use a variety of funding mechanisms to deliver the following:</u></p> <ul style="list-style-type: none"> • packages of transport improvements focussing on key routes into the city delivering a range of public realm improvements and improving access and connectivity for pedestrians, cyclists and bus sustainable mode users; • <u>Behavioural change campaigns which will complement infrastructure delivery to encourage sustainable mode use and healthy lifestyles.</u> 	To better reflect national planning policy in terms of sustainable transport modes, remove unnecessary detail and avoid duplication with the Infrastructure Delivery Plan.

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<ul style="list-style-type: none"> • reduced reliance on car use by incorporating walking, cycling and bus <u>sustainable mode</u> routes within new developments and connecting them with existing networks; • improvements to public transport infrastructure enabling improved access and integration between bus and to rail services; • <u>convenient, safe and secure</u> car parking facilities which attract shoppers and visitors and deter commuter parking in the city centre, through the development of Park and Ride, Park and Share and Park and Cycle <u>Park and Choose</u> sites; and • a western <u>Relief Road to the west of Hereford</u> to reduce the volume of traffic from the city centre and enable the delivery of walking, cycling and bus improvements on the existing highway network. The road will be designed and developed in such a way which avoids and mitigates adverse impacts or physical damage to or loss of habitats, noise pollution and vibration, light pollution, air pollution, flood risk and water quality on the River Wye SAC, as well as residential amenity and business interests. Consideration of the impact of the road on heritage assets, their significance and setting, as well as the historic character of the wider landscape will also be required. <u>Further assessments will be undertaken as part of the Hereford Area Plan and subsequent planning application(s).</u> <u>The pace of delivery of transport and movement infrastructure will be aligned with that of housing provision in accordance with policy SS3."</u> 	
MM017.	HD4	<p>Policy HD4 – Northern Urban Expansion (Holmer West)</p> <p><u>Land at Holmer west will deliver a comprehensively planned sustainable urban expansion. The new development will be sensitively integrated into both the existing urban fabric of Hereford, and the wider landscape, through high design and sustainability standards. The development will be expected to provide:</u></p> <p>Land at Holmer west will deliver a comprehensively planned sustainable urban expansion incorporated into the urban fabric of Hereford, which meets high design and sustainability standards. New developments will be sensitively integrated into the existing landscape. Any potential impacts on the local environment, heritage assets or biodiversity should be mitigated and measures taken to conserve and enhance areas of important environmental, historic and landscape quality. The</p>	<p>To ensure consistent terminology is used in respect of the Hereford Urban Expansions and to remove duplication.</p> <p>To incorporate a link to the Appendix related to policy SS3, which is proposed to be modified to deal with general infrastructure requirements and delivery phasing; to avoid consequent duplication, and to retain reference to location-specific requirements.</p>

		increased flood risk.	
	4.3.3	Delete and replace first word of paragraph: Around <u>A minimum of 250 new homes will be provided within the Hardwick Bank area, north-west of the town.</u>	To ensure consistent terminology throughout the plan.
	4.3.4	Add a new sentence prior to the penultimate sentence to read: The policy to deliver around 5 hectares of employment land through a Neighbourhood <u>Bromyard Development Plan</u> will help create greater and more diverse employment opportunities for Bromyard. Any employment development is likely to need significant landscaping to mitigate any visual impact. If employment land is adjacent to existing housing, it will be necessary to co-ordinate both developments to achieve greater economies of scale and ensure neighbouring land uses are compatible. This may include the restriction of the employment areas next to the residential to use class B1 or suitable live/work units. <u>The Bromyard Development Plan will seek to identify the required employment land of five hectares. Given the level of constraints in Bromyard the delivery of employment land over the plan period will be closely monitored and reviewed if necessary.</u> The policy enabling small scale employment/mixed use opportunities as part of housing development will allow for a more sustainable development reducing the need to travel. Further small scale sites for employment use will be identified through a Neighbourhood Development Plan and/or other Development Plan Documents <u>the Bromyard Development Plan.</u>	To address concern about the deliverability of the required amount of employment land in Bromyard. To respond to the fact that the Town Council has decided not to produce a Bromyard Neighbourhood Plan. Proposals for Herefordshire Council to produce Bromyard Development Plan are now included in revisions to the Local Development Scheme.
	4.3.6	Amend paragraph: The highway infrastructure within the new development area should also facilitate a new road link on the periphery of the development <u>a connection for vehicular access</u> which will serve the proposed new land uses over the plan period but . <u>It</u> must also be designed so as not to prejudice the delivery of additional development beyond the plan period and the eventual completion of a full road link <u>connection</u> from the A44 to Tenbury Road.	To clarify that the route from the A44 to the B4214 is not part of any major infrastructure delivery requirement
MM022.	4.3.14	The town retains a modest amount of comparison goods expenditure from existing residents and any opportunity to increase this part of the offer will be dependent upon the market having the necessary confidence in the town. New homes in Bromyard with enhanced means of access into town should strengthen support for the town centre's vitality and viability. The town centre is defined in Figure 4.6	To remove text to reflect deletion of figure 4.6.

		and relates to Policy E5. The size threshold of 200 m2 set out in Policy E5 indicates when impact testing will be required.	
	Fig 4.6	Delete figure 4.6.	The map is out of date and will be reviewed as part of the Bromyard Development Plan: UDP policy TCR1 and UDP Inset Map Brom 2 are saved and will be used for the purposes of development management.
Place Shaping Kington			
MM023.	KG1	<p>Policy KG1 – Development in Kington</p> <p>Kington will accommodate around 200 new homes during the plan period with the location of sites being identified through a Neighbourhood Development Plan or other Development Plan Document. A Neighbourhood Development Plan will allocate sites to meet this level of housing.</p> <p>In addition, provision for new employment uses should be brought forward to meet needs from within the Kington and West Herefordshire Housing Sub-Market Area.</p> <p>Development proposals for Kington will be encouraged where they:</p> <ul style="list-style-type: none"> • deliver affordable housing in accordance with the requirements of Policy H1; • provide a mix of market and affordable house sizes and types that meet the requirements of Policy H3 and the needs identified in the latest version of the <i>Herefordshire Local Housing Market Assessment</i>; • enable an overall density of up to 35 dwellings per hectare; • enable home working; • make available small scale employment sites, brought forward in balance with housing within the Kington and West Herefordshire Housing Sub-Market Area; • maintain and enhance the vitality and viability of the town centre. Proposals for new retail, leisure or office development of over 200m² in gross floor space and located outside the defined town centre will need to be supported by an impact assessment in accordance with the National Planning Policy Framework, to determine whether there could be any adverse impacts on the vitality and viability of the Kington town centre; 	To provide consistent approach throughout the plan.

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<ul style="list-style-type: none"> • make provision for green infrastructure and amenity space, including play facilities, community access to open space, and the linking of habitats into ecological networks within and surrounding the town; • make provision for or improve walking and cycling links to the town centre, schools, shopping and employment; • maintain <u>protect, conserve</u> and where necessary <u>possible</u>, enhance the <u>historic</u> character of Kington, in particular the features that contribute to the Conservation Area; and its significance and setting, including particular features, <u>its heritage assets</u>, important buildings, scenic views and landscape features surrounding the town;” • have demonstrated engagement and consultation with the community including the town/parish council. 	
	4.4.3	<p>Amend paragraph to read: Approximately 200 new homes will be delivered in Kington between 2011 and 2031, with sites allocated through a Neighbourhood Development Plan or other Development Plan Document. Sites within the existing confines of the town are constrained in terms of flooding. Developing peripheral sites will require compromise in terms of effect upon the landscape. Choice of sites should seek those with least impact and where the provision of significant landscape and townscape mitigation measures can best be achieved. Phasing may <u>will</u> be necessary where this is required to enable time to overcome current infrastructure constraints. <u>Given the level of constraints in Kington, the delivery of housing over the plan period will be closely monitored. If this monitoring process indicates that it will not be possible to deliver the required level of housing, the Council will use appropriate mechanisms to address the situation in accordance with policy SS3. This may include a review of this policy.</u></p>	<p>To provide consistency and reflect modification to KG1. To reflect advice from Welsh Water regarding the lack of capacity at the waste water treatment works. To reflect concern about the deliverability of the required amount of housing in Kington</p>
	4.4.5	<p>The policy encourages the development of small scale employment opportunities at Kington. Hutton Gardens Industrial Estate was developed as a rural development initiative and is currently thriving. An additional similar facility <u>which</u> would benefit both the town and its hinterland <u>surrounding rural area</u>. It may not be possible for such provision to be located within or even immediately adjacent to the existing town. <u>The consideration of such sites should not adversely affect the town’s setting and other environmental features but should be within walking distance and should ensure the town’s setting and other environmental features are not adversely affected.</u> Enabling working from home in</p>	<p>To update the plan and recognise constraints to employment land development.</p>

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		accordance with Policy E3 – Home Working may reduce the level of need although the provision for small scale employment opportunities is expected to remain.	
MM024.	4.4.7	Herefordshire Town Centre Town Centres Study Update 2012 suggests the expenditure forecast for Kington over the plan period is unlikely to be of a scale to require proposals for further convenience floor space. Many of the smaller units within the town could absorb more turnover within existing floor space. The town centre area for the town is reflected in Figure 4.8 and the viability and vitality of this area should be protected. The size threshold of 200 m2 indicates when impact testing will be required. The Neighbourhood Development Plan or other Development Plan Documents should <u>will</u> determine the level of flexibility given to uses within the town centre area.	To reflect deletion of figure 4.8.
	Fig 4.8	Delete Figure 4.8	The map is out of date and will be reviewed as part of the Kington Neighbourhood Development Plan. In the meantime UDP policy TCR1 and UDP inset map King 2 is saved and will be used for the purposes of development management.
Place Shaping Ledbury			

MM025.	LB1	<p>Policy LB1- Development in Ledbury</p> <p>Ledbury will accommodate around <u>a minimum of</u> 800 new homes balanced with approximately <u>a minimum of</u> 15 hectares of new employment land during the plan period. The majority of new housing development will be focussed to the north of the town as set out in Policy LB2 and the strategic location for new employment <u>of around 12 hectares</u> is to the west of the town, south of Little Marcle Road. Further development will take place through the implementation of existing commitments, infill development, and sites allocated through a Neighbourhood Development Plan or other Development Plan Document. A number of sites which have future potential for development have been identified in the <i>Strategic Housing Land Availability Assessment (SHLAA)</i>.</p> <p>Within Ledbury, new development proposals will be encouraged where they:</p> <ul style="list-style-type: none"> • allow for suitable small scale employment sites including live work opportunities within or adjoining the town; • maintain and enhance the vitality and viability of the existing town centre. Proposals for new retail, leisure or office development of over 500 <u>400</u>m² in gross floor space and located outside the town centre will need to be supported by an impact assessment to determine whether there could be any adverse impacts on the town centre; • improve accessibility within Ledbury by walking, cycling and public transport, particularly where they enhance connectivity with, for example, local facilities, new employment areas and the town centre; • contribute to addressing deficiencies in community facilities and/or allow for infrastructure improvements (including broadband) in the town, to promote sustainable development; • reflect and enhance the characteristic built historic elements of Ledbury, such as its stone, brick and timber-framed buildings, medieval plan form, conservation areas and setting overlooking the Leadon Valley; • protect and enhance its green infrastructure, including connections to the public right of way network and biodiversity, particularly the Malvern Hills Area of Outstanding Natural Beauty to the east and the Leadon valley to the west; • incorporate mitigation measures to protect and enhance the setting of the town from eastern and western viewpoints <u>and where this is not possible incorporate appropriate mitigation measures</u>; and • have demonstrated engagement and consultation with the community including the town council. 	<p>To update and clarify the policy and provide greater certainty regarding the amount of employment land at the strategic location.</p> <p>Amendment to threshold for town centre impact assessments to reflect updated evidence presented at the hearings and to ensure vitality and viability of the town centre.</p>
--------	-----	--	--

MM026.	LB2	<p>Policy LB2 - Land north of the Viaduct</p> <p>Development proposals north of the viaduct in Ledbury will be expected to bring forward the following to achieve a sustainable mixed use urban extension of the town:</p> <ul style="list-style-type: none"> • a mixed use development of around 625 new homes, at an average density of around 40 dwellings per hectare, comprising a mix of market and affordable house sizes and types that meet the requirements of Policy H3 and the needs identified in the latest version of the Herefordshire Local Housing Market Assessment; • Around 3 hectares of employment land, restricted to Use Class B1, to be located along the northern and eastern boundary adjoining existing businesses; • a target of 40% of the total number of dwellings to be affordable housing; • land and contributions to facilitate a restored canal to be delivered in partnership with the Herefordshire and Gloucestershire Canal Trust; • a new linear informal park to link to the existing town trail, riverside walk, recreational open space and existing allotments; • the provision of and <u>developer</u> contributions towards any identified need for new/improved community facilities/infrastructure improvements. This shall include a new 210 place primary school within the development (or an expansion of the existing primary school) and new recreational open space, play, indoor and outdoor sport facilities delivered through developer contributions; • primary vehicular access to the development will be from <u>either</u> the Hereford Road under the viaduct with the option of a secondary access or from the Bromyard Road to the north; • appropriate mitigation to safeguard the amenity of future occupants from unacceptable levels of noise and to safeguard the continued operation of existing businesses adjoining the area; • development of bespoke, high quality and inclusive design, including accommodation that will meet the needs of older persons and that contributes to the distinctiveness of this part of Ledbury and respects the setting <u>and significance</u> of the listed viaduct and the Malvern Hills Area of Outstanding Natural Beauty; • safeguards to ensure there is no adverse impact on water quality and quantity in the River Leadon; • new walking, cycling and bus links from the urban extension directly to the town trail and riverside walk under the viaduct, the railway station and town centre to create linkages to nearby development and existing community facilities; • sustainable standards of design and construction; and <p>a comprehensive sustainable urban drainage system which includes measures such as rain gardens and swales to manage ground and surface water drainage and safeguard against any increased flood risk.</p>	<p>To Update the plan.</p> <p>To clarify the options for access arrangements and to allow greater flexibility for employment land location.</p>
--------	-----	---	---

	4.5.7	Amend first sentence: Vehicular, pedestrian, cycle and bus access to the housing site will primarily be under the viaduct will need to be provided, with additional sustainable transport links to the north linking with the station. If required, the provision of a secondary vehicular access on to the Bromyard Road would also then enable the creation of a road link. A reduction in the speed limit along the Bromyard Road and improvements to the Hereford Road/Bromyard Road junction are also likely to be required to improve the design, safety and efficiency of this road and junction. These, and other highway improvements, will be informed by a traffic assessment.	For clarification regarding access to the site
MM027.	4.5.14	The policy for shopping in Ledbury, based on the evidence in the <i>Town Centres Study Update 2012</i> , is to maintain the existing, thriving centre which is based on a mixture of popular high street and independent stores. New homes and households in Ledbury will strengthen this support for the town centre and improvements to sustainable modes of transport into the town centre via the existing town trail will also support this approach. A town centre area is defined in Figure 4.11 and relates to Policy E6.	To update the plan and reflect proposed deletion of figure 4.11
	Figure 4.11.	Delete figure. 4.11	The map is out of date and will be reviewed as part of the Ledbury Neighbourhood Development Plan. In the meantime UDP policy TCR1 and UDP Inset Map LED 2 is saved and will be used for the purposes of considering planning applications.
Place Shaping - Leominster			
MM028.	LO1	Policy LO1 – Development in Leominster Leominster will accommodate a minimum of 2,300 new homes throughout the plan period, (2011-2031) of which approximately a minimum of 1,500 dwellings will be provided in a single strategic urban extension to the south-west of the town. The remaining dwellings will be provided through existing commitments, smaller scale non-strategic sites within the existing built up area; those which come forward through the Leominster Neighbourhood Development Plan or other Development Plan Documents, or sites judged as having development potential which are identified in the Strategic	To update the plan to provide consistent terminology. Amendment to threshold for town centre impact assessments to reflect updated evidence presented at the hearings and to ensure vitality and viability of the town centre.

Revisions to rural development policies RA1 to RA6 and supporting text			
MM036.	4.8.6	‘By virtue of these attributes, The rural area of each HMA has differing future housing needs and requirements. which this locally incorporated <u>The approach adopted in this plan sets out aims to respond to these needs and requirements in a flexible and responsive way more closely.</u> Together with <u>the roll out of the neighbourhood planning agenda,</u> this strategy will empower more communities to benefit from meaningful development, continuing to evolve as sustainable places whilst respecting the their fundamental rural character of Herefordshire.’	To add clarity to text

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
	4.8.9	The Housing development in rural areas will be delivered through Neighbourhood Development Plans, any required Rural Areas Site Allocations Development Plan Document and a combination of existing commitments, and windfall development. and sites enabled through Neighbourhood Development Plans. For those communities not committed to the advancement of a Neighbourhood Development Plan, Herefordshire Council may consider allocating housing through Development Plan Documents in order to ensure the delivery of rural housing sites. The council's Strategic Housing Land Availability Assessment indicates there is potential for this the level of development proposed in this policy. in Herefordshire's rural villages.	To add clarity as to how housing delivery will be addressed in areas without a Neighbourhood Development Plan and demonstrate a commitment to housing delivery during the plan period.
	4.8.11	The indicative <u>minimum</u> rural HMA target will <u>underpin</u> assist in informing the scale of development in the <u>settlements</u> <u>villages</u> identified in each HMA. The target represents a level of growth for <u>villages</u> , as a percentage, <u>and which</u> that is considered proportionate to existing HMA characteristics. <u>and reflective of future housing needs and requirements within that area.</u> For individual villages of each HMA this is translated as a percentage of the total number of dwellings in the village core (not parish). For example, the growth target for a village of 100 dwellings located within Bromyard HMA (which has a 15% target) would be approximately 15 new dwellings over the plan period 2011 to 2031.	To clarify the rural HMA target is a minimum and not a cap on development. To reflect guidance in NPPF about not restricting growth.
Paragraph 4.8.13 (below 4.8.12)		On this basis, all villages <u>All settlements</u> identified in Figures 4.20 and 4.21 will have the opportunity for <u>sensitive and appropriate</u> housing growth. that is proportionate to their existing size. The primary focus for this housing will be <u>in those settlements highlighted in Figure 4.20.</u> those villages that in the context of the rural HMA within which they are set and function are the most locally sustainable to accommodate new development (Figure 4.20). In the remaining, often <u>typically smaller settlements</u> <u>villages</u> of each HMA, <u>as set out in Figure 4.21</u> <u>proportional housing growth will be restricted to smaller market housing (or affordable housing) which meets the needs of people with local connections, whom would not otherwise be able to live in their area (Figure 4.21).</u> <u>particular attention will be given to ensure that housing developments should respect the scale, form, layout, character and setting of the settlement concerned.</u> By virtue of their size and character many of	Note: Error in para numbering (duplicate paragraphs 4.8.13). To provide further clarity HMA housing targets and implications for settlements listed in Fig 4.20 & 4.21. To respond to modifications to Policy RA2 (see below)

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p><u>these settlements do not have a traditional village or nuclear centre and in many cases have a dispersed settlement pattern which would need to be respected in the design of new housing proposals. This will ensure the delivery of schemes that are locally distinctive.</u></p>	
	4.8.14	<p>Therefore, the target provides individual communities with a starting objective which they should aim to meet or potentially exceed over the plan period in a locally determined manner and depending on their particular aspirations. The environmental and infrastructure constraints of an area will be significant in shaping a Neighbourhood Development Plan (and other Development Plan Documents). With regard to infrastructure, Neighbourhood Development Plans will particularly need to consider the capacity of the drainage network in their area and the impact of future development on water quality in accordance with Policy SD4.</p>	<p>To reflect guidance in NPPF about not restricting growth. Avoid duplication with other text in other parts of the plan</p>
	RA1	<p>Policy RA1 – Rural housing <u>distribution strategy</u> In Herefordshire’s rural areas <u>around a minimum of 5,300 new dwellings will be provided between 2011 and 2031 to help meet contribute to the county’s housing needs. with the development of affordable housing being a priority.</u> The <u>development of rural housing will contribute towards the wider regeneration of the rural economy. will be promoted and supported, and the unique local environment will be protected and, where appropriate, enhanced.</u></p> <p>New dwellings will be broadly distributed across the county’s rural areas on the basis of <u>seven 7 Housing Markets Areas (HMA)s – as illustrated in Figure 4.18} This <u>acknowledges</u> that different areas of Herefordshire have different future housing needs and requirements. Proportionate to rural HMA characteristics and reflective of future housing needs and requirements within each area, a growth target (%) will assist to inform the level of housing development within the villages identified in each HMA. All Neighbourhood Development Plans shall aim to provide levels of housing to meet these targets in a locally focused way.</u></p> <p><u>The 5,300 dwellings will be delivered throughout the rural HMAs as set out in the table below. The indicative housing growth targets in each of the rural HMAs will be used as a basis for the production of neighbourhood development plans in the county. Local evidence and environmental factors will determine the appropriate scale of development.</u></p>	<p>To better reflect the purpose of the policy. To reflect guidance in NPPF about not restricting growth.</p> <p>Additional text is superfluous</p> <p>For consistency the word ‘village’ will be removed from the Plan and replaced with ‘settlement’ where necessary. To add clarity to the policy.</p>

MM037.	4.8.18	<p data-bbox="414 1150 1635 1342">As set out earlier in this section, Each rural HMA was evaluated through combining the application of a localised benchmark (median village settlement size in each rural HMA), together with an assessment of services. This dual analysis targets development at locally significant villages which act as a focus for the wider community through the presence of existing services and facilities that can include schools, shops, public houses and businesses. It also This approach will enables those villages</p>	To remove superfluous text and to ensure consistent terminology.																											

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p>with a sizeable population basis (in the context of the HMA) and potential to evolve to become more sustainable to be included. Across many areas of all rural HMAs, communities experience difficulty in accessing services and parishes understand not only the need to support current services and facilities, but to enhance their provision. all settlements in the rural areas to accommodate appropriate and environmentally sensitive sustainable housing development in accordance with the National Planning Policy Framework A number of villages have a sizeable population basis but limited services. By enabling some housing growth within these communities, facilities become more viable and identified needs and community aspirations are more likely to be realised.</p>	
	4.8.19	<p>A total of 119 villages One hundred and nineteen settlements have been identified across the county all HMAs to be the main focus of proportionate housing development in Herefordshire's the rural areas. and These are listed in Figure 4.20. Within these villages settlements carefully considered development which is proportionate to the size of the community and its needs will be permitted. only where residential proposals are locally appropriate to ensure villages retain their separate, distinctive and varied characters.</p>	Reflects the changes to policy RA2
	4.8.20	<p>Residential development will be located within or adjacent to the main built up area(s) of the village settlement (with priority being given to the development of suitable and available brownfield sites) to guard against. This will ensure that unnecessary linear, detached or surrounding countryside isolated, non-characteristic and discordant dwellings do not arise in the surrounding countryside which would adversely damage affect the character and setting of a village settlement and its local environment. Development of locally defined sensitive sites will not be acceptable.</p>	<p>Priority to brownfield land is not in accordance with the NPPF.</p> <p>To add clarity to text</p>
	4.8.22	<p>Residential development will be expected to contribute to the future housing needs of each HMA by providing an appropriate mix of dwelling types and sizes having regard to the Local Housing Market Assessment and other relevant evidence sources... Developments should be sensitively and inclusively designed to reflect the lifelong housing needs of the local community contributing. They should also contribute, where appropriate to the provision of much needed infrastructure, affordable homes and improving community cohesion.</p>	To update to reflect legislation regarding contributions.
	4.8.25	<p>Therefore, in the villages identified in Figure 4.21, proportional levels of housing will be focused on</p>	To avoid restricting the market and

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p>providing smaller market homes which meet the needs of people with local connections, who would not otherwise be able to afford a house to live in their local area. In addition, proposals for affordable housing in line with criteria 1 to 4 of Policy H2 will be supported in these villages. It is important that these housing schemes should be needs led, the starting point being a need for a house or housing in a particular village, rather than the availability of a particular site. <u>On this basis, housing proposals will be expected to reflect the range that is required in the settlement concerned. In relation to proposals that seek specifically to meet identified local housing needs, those proposed developments must be based on appropriate, compelling evidence of how the proposal meets that need. the identified local housing need, all of which must be clearly demonstrated to the satisfaction of Herefordshire Council. A planning obligation will restrict the occupation of dwellings on this basis to ensure their long term availability for those with local housing needs’.</u></p>	<p>delivery of homes in settlements listed in Figure 4.21.</p>
	4.8.26	<p>Smaller houses, predominantly two and three bedroom properties, continue to be required across all rural areas. To address this need and ensure that house values remain at the lower end of the house price range in the area, the size of any new dwelling and plot size will be restricted for those villages in Figure 4.21. Dwelling size is the net internal floor area, measured from internal wall finish to internal wall finish of the unit, with no space or rooms discounted. The size of any one dwelling will be limited to a maximum net internal floor space of 80sq.m in a case of a one or two bedroom house, 90sq.m for a three bedroom house and 100sq.m in the case of a four bedroom house. These figures are based on the internal floorspace allowances made by registered providers when applying to the Homes and Communities Agency for funding utilising their Housing Quality Indicators system. In the event that medical needs necessitate the provision of specific facilities, any resulting additional floor area requirements shall be justified on a case by case basis through the submission of a needs appraisal that includes evidence from a medical professional. Permitted development rights will also be removed to limit the enlargement of such developments, with a consequent increase in value and price.</p> <p><u>A proactive approach has been taken to neighbourhood planning within the county. At February 2015, there are 88 designated neighbourhood areas in the county and significant progress is being</u></p>	<p>Due to removal of criterion 6-8 in Policy RA2 this text is no longer necessary.</p> <p>Text adds clarity as to how housing delivery is expected to happen in rural areas.</p>

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p><u>made in the production of neighbourhood development plans. These plans will be the principal mechanism by which new rural housing will be identified, allocated and managed. The proportional growth target within policy RA1 will provide the basis for the minimum level of new housing that will be accommodated in each neighbourhood plan. The target represents a level of growth for settlements, as a percentage, that is proportionate to existing HMA characteristics. For individual settlements in each HMA, this will be reflected as a percentage of the total number of dwellings in the parish concerned. In parishes which have more than one settlement listed in Figure 4.20 and 4.21 the relevant neighbourhood development plan will have appropriate flexibility to apportion the minimum housing requirement between the settlements concerned. This will allow for a locally flexible approach that will respect settlement characteristics, the distribution of local facilities and other local factors. This approach will accord with paragraph 55 of the NPPF which indicates that where there are groups of smaller settlements in rural areas, the development in one location may support services in a location nearby. The adoption of this approach will allow distinctive solutions which reflect the varied geographies in the county.</u></p>	
	RA2	<p><u>Policy RA2 – Herefordshire’s villages Housing in settlements outside Hereford and the market towns.</u></p> <p>To maintain and strengthen a network of locally sustainable communities across the rural parts of Herefordshire, there will be opportunities for <u>sustainable housing growth will be supported</u> in those villages settlements identified in Figures 4.20 and 4.21. This will enable development that <u>has the ability to</u> best able to support development, bolstering existing service provision, improving facilities and infrastructure and meeting the needs of their communities <u>concerned.</u></p> <p>The growth target for the villages (%) of each rural HMA will assist to inform the level of housing development in the villages identified in Figures 4.20 and 4.21. 		<p><u>housing development to be delivered in the various settlements set out in Figures 4.20 and 4.21. Neighbourhood Development Plans will allocate land for new housing or otherwise demonstrate delivery to provide levels of housing to meet the various targets.</u></p> <p>Housing growth will vary between the villages identified in a proportionate manner and will be permitted only where the residential development proposal is considered to be locally appropriate by:</p> <ol style="list-style-type: none"> 1. ensuring the proposal reflects the size, role and function of each village and is located within or adjacent to the main built up area(s) of the village so as to not result in free standing, individual or small groups of dwellings which are obviously detached from, or peripheral to, the main built up area(s); 2. giving priority to the development of suitable brownfield sites; 3. being of a high quality sustainable design which is appropriate to its context and makes a positive contribution to the surrounding environment and rural landscape; 4. contributing to the delivery of an appropriate mix of dwelling types and sizes, including affordable housing, to meet the housing needs of all sectors of the community; and 5. where there is no Neighbourhood Development Plan, by undertaking community consultation. <p><u>Housing proposals will be permitted where the following criteria are met:</u></p> <ol style="list-style-type: none"> <u>1. Their design and layout should reflect the size, role and function of each settlement and be located within or adjacent to the main built up area. In relation to smaller settlements identified in fig 4.21 proposals will be expected to demonstrate particular attention to the form, layout, character and setting of the site and its location in that settlement; and/or they result in development that contributes to or is essential to the social well-being of the settlement concerned;</u> <u>2. Their locations make best and full use of suitable brownfield sites wherever possible;</u> <u>3. They result in the development of high quality, sustainable schemes which are appropriate to their context and make a positive contribution to the surrounding environment and its landscape setting; and</u> <u>4. They result in the delivery of schemes that generate the size, type, tenure and range of housing that is required in particular settlement, reflecting local demand.</u> 	

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p>Specific proposals for the delivery of local need housing will be particularly supported where they meet an identified need and their long-term retention as local needs housing is secured as such. In the villages identified in Figure 4.21 proportional residential growth will be limited to the provision of smaller market housing, where the residential development proposal satisfies criteria 1–5 above; and:</p> <p>6. through the submission of appropriate evidence to demonstrate the development meets an identified local housing need. Residential development will be considered to contribute towards meeting an identified need, where it will provide accommodation for any of the following:</p> <ul style="list-style-type: none"> • Existing residents of the parish requiring separate accommodation; • Persons who have current and long-standing family links (immediate family only e.g. parent, sibling or adult child) with the parish; • Grandparents, grandchildren, aunts or uncles will be included only where the council considers it necessary for the applicant to be accommodated within the Parish in order to provide or receive medical or social support to or from a relative; • Persons with permanent, full-time employment based mainly within the parish. <p>7. the dwelling size is limited to a net internal floor area of 80sq.m (1 or 2 bedroom house) or 90sq.m (3 bedroom house) or 100sq.m (4 bedroom house). Only where medical needs necessitate the provision of specific facilities will any resulting additional floor space requirements be considered; and</p> <p>8. the plot size is limited to a maximum area of 350sq.m unless site characteristics or configuration render this impractical.</p> <p>Permission granted in these cases will be subject to planning obligations that safeguard occupation of the development for identified local housing needs and will continue to do so in perpetuity. To achieve this policy, planning permissions will be subject to a condition removing permitted development rights for the erection of any extension or detached buildings within the curtilage and a</p>	<p>Criteria 6-8 of RA2 deleted to avoid restricting the market and enable delivery of homes in settlements listed in Fig 4.21. The new criteria (bullets 1-6) seek to address how housing development can come forward in both Fig 4.20 and Fig 4.21 list of settlements.</p>

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p>condition restricting the conversion of an ancillary garage in to habitable accommodation. Applications for such developments in variation of these conditions will only be approved in exceptional circumstances.</p> <p>Proposals for affordable housing in the villages identified in Figure 4.21 will also be supported where the development is in line with criteria 1 to 4 of Policy H2.</p>	
MM038.	4.8.28	<p>The settlement boundaries for those <u>places</u> villages detailed listed in Policy RA2 will be defined in either neighbourhood development plans or the Rural Areas Site Allocation DPD. Outside of the villages <u>these settlements</u> new housing will be <u>restricted</u> strictly controlled to avoid unsustainable patterns of development. Isolated development in the countryside will not be permitted in order to protect the landscape and wider environment. <u>In the period leading up to the definition of appropriate settlement boundaries the Council will assess any applications for residential developments in Figure 4.20 and 4.21 against their relationship to the main built up form of the settlement.</u> Residential development will therefore be limited to those proposals which meet the criteria listed in Policy RA3. <u>Proposals should seek to make use of existing buildings through conversion and adaption in preference to new development. This approach accords with Paragraph 55 of the NPPF.</u></p> <p>Proposals should be sited within or adjoining a settlement and seek to make use of existing buildings through conversion and adaption in preference to new development.</p>	To update text to include reference to the requirement for settlement boundaries, to reflect the LDS and to accord with NPPF. To clarify the position prior to the designation of settlement boundaries.
	RA3	<p>Policy RA3 – Herefordshire’s countryside</p> <p>In rural locations <u>outside of settlements, as to be defined in either neighbourhood development plans or the rural areas site allocations DPD,</u> away from Herefordshire’s villages, residential development will be limited to proposals which satisfy one or more of the following criteria:</p> <ol style="list-style-type: none"> 1. meets an agricultural or forestry need or other farm diversification enterprise for a worker to live permanently at or near their place of work and complies with Policy RA4; or 2. accompanies and is necessary to the establishment or growth of a rural enterprise, and complies with Policy RA4; or 	To provide greater conformity with the NPPF

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<ol style="list-style-type: none"> 3. involves the replacement of an existing dwelling (with a lawful residential use) that is comparable in size and scale with, and is located in the lawful domestic curtilage, of the existing dwelling; or 4. would result in the sustainable re-use of a redundant or disused building(s) where it complies with Policy RA5; or <u>and leads to an enhancement of its immediate setting</u>; or 5. is rural exception housing in accordance with Policy H2; or 6. is of exceptional quality and innovative design satisfying the design criteria set out in Paragraph 55 of the National Planning Policy Framework and achieves sustainable standards of design and construction; or 7. is a site providing for the needs of gypsies or other travellers in accordance with Policy H4. 	
	4.8.29	<p>'Occupancy controls will be applied to dwellings arising from the expansion of rural business enterprises, as well as to agricultural and forestry dwellings (Policy RA4). To make the stock of occupational dwellings more flexible than in the past and respond to local housing needs, the occupation of such dwellings and will be secured from the start by a Section 106 Agreement that also encompasses local housing needs.. As such, in the event that there is no longer a functional requirement either from the original rural business or from other rural enterprises in the locality, the dwelling will default to local housing needs rather than being lost from the stock of smaller affordably priced rural housing.</p>	To remove superfluous text.
	4.8.30	<p>Replacement dwellings will only be permitted provided that the existing building has established and continuing residential use rights and has not been abandoned. Proposals should ordinarily be sited in the same <u>a similar</u> position as the original dwelling unless there is technical justification to consider an alternative location within the existing lawful domestic curtilage. To safeguard the character and appearance of the rural landscape from the visual impact of large buildings, the size of any replacement dwelling will be of a comparable total cubic volume (measured externally) to the existing dwelling. To minimise the impact of the proposal on the surrounding area, the design of the dwelling and any associated development should respect the local character of the area and/or make a positive contribution to the rural landscape. As such the mass, scale, height and external</p>	<p>To avoid undue restriction with replacement dwellings.</p> <p>To provide clarity that restrictions on permitted development rights may apply to replacement dwellings.</p>

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		appearance of the resultant development should be taken into account. Permitted development rights will generally may be removed from replacement dwellings located in the countryside.	
MM039.	RA4	<p>Policy RA4 – Agricultural, forestry and rural enterprise dwellings</p> <p>Proposals for dwellings associated with agriculture, forestry and rural enterprises arising under Policy RA3 will only be permitted where it can be demonstrated that there is a sustained essential functional need for the dwelling and it forms an essential part of a financially sustainable business, and that such need cannot be met in existing accommodation. Such dwellings should:</p> <ol style="list-style-type: none"> 1. demonstrate that the accommodation could not be provided in an existing building(s); 2. be sited so as to meet the identified functional need within the unit or in relation to other dwellings; 3. be of a high quality, sustainable design which is appropriate to the context and makes a positive contribution to the surrounding environment and rural landscape; and 4. should be of a size no greater than a net internal floor area of 100 sq.m, only utilising the additional 20% allowance where the nature and needs of the enterprise require and can be justified. <p>Where evidence of the economic sustainability of the rural enterprise is not proven or where an enterprise is not yet established, planning permission for temporary accommodation may be granted for a maximum period of three years to enable the sustainability of the enterprise to be assessed. Successive extensions will not normally be granted. Temporary accommodation should be carefully sited within the unit or in relation to other dwellings.</p> <p>Dwellings permitted in accordance with this policy will be subject to occupancy controls (encompassing local housing needs occupancy set out in Policy RA2 as a default) secured through a Section 106 Agreement. In some situations it will be appropriate to use legal agreements to tie other dwellings to the unit and/or restrict the occupancy of other dwellings within the farm/business unit. In appropriate circumstances legal agreements may be used to tie a rural enterprise dwelling to adjoining buildings and land to prevent them being sold separately.</p> <p>Applications for the removal of occupancy conditions (or section 106 Agreements) which pre-date</p>	<p>To reflect revisions to Policy RA2 and to comply with NPPF</p> <p>To remove superfluous text.</p>

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p>adoption of the Core Strategy will only be permitted where it can be demonstrated the dwelling is surplus to the current and sustained original business needs, as well as other rural enterprises in the locality and there has been a genuine and unsuccessful attempt to market the property at a realistic price (for rent or sale) which has been independently verified.</p>	
	4.8.35	<p>All applications will be required to demonstrate that a dwelling at the enterprise is essential by showing a functional need for the occupier to be present at the business for the majority of the time. Therefore, full supporting information appraising the need, including a functional assessment, prepared by an appropriate and qualified person should accompany all applications. Any functional need established can only be sustained where it is an essential part of an economically sustainable enterprise. Financial information as to the economic sustainability of the enterprise in the form of accounts and which gives further evidence of the need should also be submitted to support all applications. Businesses should have been established for at least three years, have been profitable for at least one year, be currently financially sound and have a clear prospect of remaining sustainable. The supporting information should also clearly demonstrate why existing accommodation in the locality, either on the farm or within existing settlements, is unsuitable or unavailable, and explore any other means of meeting the need.</p>	To remove overly restrictive requirements to comply with NPPF
	4.8.37	<p>Amend first two sentences: To avoid a proliferation of dwellings in the countryside, occupancy controls (encompassing local housing needs as introduced in RA2) will be secured through Section 106 Agreements attached to dwellings advanced through this policy. This is to ensure if the dwelling concerned is no longer required by the original business, it is firstly kept available to meet the essential needs of rural enterprises in the locality, subsequently defaulting to local housing needs. Where a second dwelling is necessary for the essential management of a rural enterprise, the council will restrict the occupation/separate sale of any existing dwellings on the holding which are in the ownership or control of the applicant or their registered business/partners. Similarly, where appropriate, planning obligations may be used to prevent the future separation of a farmhouse(s) from any adjoining farm buildings and land. These measures may be taken to ensure that new proposals for additional dwellings do not allow existing farm dwellings to be removed from the rural</p>	To reflect the revisions to Policy RA2.

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		worker housing stock, protect the countryside against the pressure for new homes and to prevent the original justification for the additional dwelling being undermined.”	
	4.8.38	Where the need for a dwelling is established on the basis of proven essential need, preference should be given to the use of suitable existing buildings through conversion. Where this is not possible, any new development should relate closely to the activities for which there is a need. In most cases this will mean that the new dwelling should be sited in close proximity to existing buildings. Isolated locations or locations that could encourage farm fragmentation in the case of dwellings for agricultural enterprises should be avoided and an underlying regard to potential future occupancy on the basis of local housing needs should be considered. The location and siting of temporary accommodation will itself be considered on the basis of permanent accommodation being provided. Where other development relating to the enterprise is being proposed at the same time as part of an overall scheme, siting of all development will be considered on a comprehensive basis.	To remove overly restrictive requirements to comply with NPPF
	4.8.39	Taking into account the need of many rural workers for a property that is affordable, together with the introduced default to local housing needs occupancy, proposals for rural worker dwellings should aim to be a size of no greater than a net internal floor area (measured from wall finish to wall finish of the unit) of 100sq.m. This is for consistency with local housing needs criteria set out in Policy RA2 that is based upon allowances made by registered providers when applying to the Homes and Communities Agency for funding. Notwithstanding this, depending upon the nature of the enterprise with which the dwelling is associated, additional floor space needs may exist, including for a wet room or farm office. An allowance of up to a further 20% (20sq.m) may be utilised where such needs can be justified. Permitted development rights for dwellings approved under this policy will be removed	To remove overly restrictive requirements to comply with NPPF
	4.8.40	Where applications are made to remove occupancy conditions (or obligations) on dwellings when an essential on-site worker is no longer required that pre-date the default to local needs housing introduced by the Core Strategy, applications will be required to demonstrate that the condition is no longer appropriate. Accordingly applicants should demonstrate there is no functional need and thus the dwelling is surplus to both the current and sustainable needs of the original rural enterprise, as	To remove overly restrictive requirements to comply with NPPF

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		well as other rural enterprises in the locality. Evidence should be provided that genuine attempts have been made to market the property for sale <u>or</u> rent at a realistic price that reflects its occupancy restriction for a period of at least 12 months. The council will require the marketing price to be independently verified by the District Valuer prior to the commencement of marketing.	
	4.8.41	For those dwellings approved under the application of this policy, first and foremost the dwelling should continue to provide accommodation on the basis it was approved so not to readily diminish the stock of lower priced accommodation available to essential rural workers, particularly the farming community. Where there is no longer a functional requirement from the original business or other rural enterprises, evidence will be required to be submitted to demonstrate compliance with identified local housing needs criteria (Policy RA2) and thus satisfy clauses set out in the Section 106 Agreement before occupation of the dwelling on a local needs basis can lawfully commence.	To remove overly restrictive requirements to comply with NPPF
MM040.	4.8.42	Recent changes to planning legislation mean that in certain circumstances permitted development rights will allow the change of use of agricultural buildings to residential or to specified education facilities subject to prior approval. Policy RA5 applies to proposals for re-use of rural buildings that are not covered by this new legislation and that will require planning permission. It recognises that the re-use of existing rural buildings has an important role to play in promoting economic prosperity and sustainable development in rural areas. <u>through the</u> Such proposals can result in the creation of local accessible jobs, <u>the provision of</u> providing premises for business start-ups and/or expansions, improving business networks and supporting farming through diversification schemes. The re-use of buildings can also provide environmental benefits by making use of existing resources and at the same time conserving buildings of heritage value. Redundant rural buildings are often located away from villages in locations that are considered to be unsuitable for residential development. Therefore this policy, where planning permission is required, seeks to encourage re-use for residential uses in villages in line with Core Strategy unless certain criteria are met which would allow it to take place away from the villages. Evidence will be required to demonstrate that the building is no longer required for its former use¹	To reflect changes to policy RA5 and remove superfluous text.
	RA5	Policy RA5 – Re-use of rural buildings The sustainable re-use of individual and groups of redundant or disused buildings, including farmsteads in rural areas, which will make a positive contribution to rural businesses and enterprise and support the local economy (including live work units), <u>or which otherwise contributes to or is</u>	To clarify the role and purpose of policy RA5 and reflect social uses. To remove overly restrictive

	4.8.51	<p>It is important to help strengthen theThe rural economy <u>will be strengthened</u> by providing flexibility for new and expanding rural businesses subject to them being. Policy RA6 sets out a range of criteria <u>that will need to be met to ensure that resulting developments are</u> of an appropriate scale and location and ensuring that they do not significantly impact upon the environmental quality of the area.</p>	To provide greater clarity
	4.8.52	<p>Herefordshire contains The Wye Valley AONB and the Malvern Hills AONB which are recognised by the National Planning Policy Framework as areas where development should be restricted. In these designated areas, development will be restricted which has the potential to cause adverse impacts to the AONB, for example polytunnels. Guidance on proposed developments in AONBs is set out <u>in Paragraph 116 of the NPPF.</u> Policy LD1 of this plan also sets out guidance on how development proposals should seek to safeguard the character and appearance of these areas.</p>	To provide greater clarity and to reflect NPPF.
General Policies – Social Progress			
Revisions to Policy H1 upon affordable housing policies to reflect recent changes in national policy guidance			
MM042.	H1	<p>All new open market housing proposals on sites <u>of more than 10 dwellings which have a maximum combined gross floor space of more than 1000sqm</u> above the thresholds set out below will be expected to contribute towards meeting affordable housing needs.</p> <p>Within and adjoining the urban areas of Hereford and the market towns, proposals of 15 or more dwellings or 0.5 hectares will be expected to contribute to affordable housing provision. In rural areas, all new housing developments will be expected to make a contribution whereby:</p> <p>i) on sites of 3 or more dwellings, the affordable housing will be expected to be provided on site unless developers can clearly demonstrate that a financial contribution would be more appropriate;</p>	To reflect the latest changes in the national Planning Policy Guidance and to provide clarification with regard to the evidence underpinning the policy.

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p>ii) on sites of 1 or 2 dwellings, developers will be required to provide a financial contribution to the provision of affordable housing off-site.</p> <p>The amount and mix of affordable housing including those on strategic housing sites will vary depending on evidence of housing need, <u>as identified through the latest housing market assessment</u> and where appropriate, an assessment of the viability of the development. The following indicative targets have been established based on evidence of need and viability in the county's housing market and housing value areas:</p> <ol style="list-style-type: none"> 1. a target of 35% affordable housing provision on sites in the Hereford, Hereford Northern and Southern Hinterlands, and Kington and West Herefordshire housing value areas; 2. a target of 40% affordable housing provision on sites in the Ledbury, Ross and Rural Hinterlands; and Northern Rural housing value areas (which includes Bromyard); 3. a target of 25% affordable housing provision on sites in the Leominster housing value area. <p>Any affordable housing provided under the terms of this policy will be expected to be available in perpetuity for those in local housing need.</p> <p>In order to ensure an appropriate balance of affordable housing is provided, the evidence for each housing market area and housing value area will form the basis for determining the mix of tenure types on specific sites.</p>	
	5.1.10	<p>The findings of the <i>Local Housing Market Assessment 2013</i> (LHMA) have also been taken into account so that the resultant policies on affordable housing are locally relevant and viable <u>The supporting evidence will be maintained by updating the housing market assessment work and viability and housing value areas on at a three yearly basis.</u></p>	To provide a commitment to continuing to provide up-to-date evidence
	5.1.12	<p>Delete paragraph</p> <p>5.1.12 In rural areas the majority of new housing is delivered on small sites of fewer than 5 dwellings and therefore to ensure the maximum provision of new affordable housing a threshold of one house is justified. Where there are sites that are capable of delivering 3 dwellings or more, the council will</p>	To ensure consistency between the policy and supporting text

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p>expect the affordable housing to be provided on-site, unless the developer can demonstrate that the requirement for affordable housing would be better met through contributions to off-site provision. There must however be a realistic prospect that the off-site provision would meet the identified need, and come forward in a reasonable timescale. Where rural developments of one or two dwellings are proposed it is accepted that an on-site contribution may not be possible, and therefore in such a case an off-site contribution will be required. Where new dwellings are provided as part of proposals for the re-use of rural buildings, an element of affordable housing should also be provided in accordance with Policy H1.</p>	
MM043.	H2	<p>Policy H2 - Rural exception sites</p> <p>Proposals for small affordable housing schemes in rural areas may be permitted on land which would not normally be released for housing where:</p> <ol style="list-style-type: none"> 1. the proposal could assist in meeting a proven local need for affordable housing; and 2. the affordable housing provided is made available to, and retained in perpetuity for local people in need of affordable housing; and 3. the site respects the characteristics of its surroundings, demonstrates good design and offers reasonable access to a range of services and facilities normally in a settlement identified in Policy RA2. 4. the internal floor area of the dwellings are consistent with the size limits required by policy RA2. <p>In order to enable the delivery of affordable housing some market housing may be permitted as part of the development to subsidise a significant proportion of affordable housing provision. However, evidence will be required – by way of a financial appraisal, in order to demonstrate that the proposed scale of market housing is that required for the successful delivery of affordable housing.</p>	<p>To ensure consistency with proposed modifications proposed to RA2.</p> <p>To reflect that there may occasions when larger scale proposals are acceptable.</p>
MM044.	H3	<p>Policy H3 – Ensuring an appropriate range and mix of housing</p> <p>Residential developments should provide a range and mix of housing units which can contribute to the creation of balanced and inclusive communities. In particular, on larger housing sites <u>of more than 50 dwellings</u> not entirely intended to meet a specialist need, developers will be expected to:</p> <ol style="list-style-type: none"> 1. provide a range of house types and sizes to meet the needs of all households, including younger single people; 	<p>To clarify what is meant by larger housing sites and to reflect the scale of housing sites where specialist accommodation is likely to be achievable.</p>

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p>2. provide housing capable of being adapted for people in the community with additional needs; and</p> <p>3. provide housing capable of meeting the specific needs of the elderly population by:</p> <ul style="list-style-type: none"> - providing specialist accommodation for older people in suitable locations; - ensuring that non-specialist new housing is built to take account of the changing needs of an ageing population; - ensuring that developments contain a range of house types, including where appropriate, bungalow accommodation. <p><u>The latest Local Housing Market Assessment will provide evidence of the need for an appropriate mix and range of housing types and sizes.</u></p>	To include reference to the relevant evidence base.
MM045.	3.39	<p>Amend paragraph to read: <u>The Gypsy and Travellers and Travelling Showperson Accommodation Assessment, 2015</u> The Gypsy and Travellers Assessment 2013 highlighted a need for further permanent pitches in the county. A <u>Travellers' Sites separate Development Plan Document</u> will be prepared following on from the Core Strategy to allocate pitches, but in the meantime an interim policy is set out in the policies on social progress in the General Policies section of this document.</p>	To update the plan
	H4	<p>Delete first paragraph and amend remaining policy to read:</p> <p>Policy H4 – Traveller Sites</p> <p>Herefordshire Council will provide for the site needs of travellers through the preparation of a Travellers' Development Plan Document (DPD), which will include site allocations. Sites for at least 31 new residential pitches for gypsies and travellers will be provided by 2017, with the target for the remainder of the period up to 2027 being established in the Traveller DPD. The 2017 target will be in addition to maintaining provision for the current level of long term unauthorised sites either through their retention where they comply generally with the criteria listed below or through the release of additional sites where such unauthorised sites are no longer available.</p> <p><u>The accommodation needs of travellers will be provided for through the preparation of a Travellers' Sites Document (DPD), which will include site specific allocations.</u></p> <p>In the absence of an adopted DPD, or where proposals for sites are brought forward on non-allocated land supported by evidence that they meet a local need, proposals will be permitted supported</p>	To bring the policy up to date and make the wording compliant with Planning Policy for Travellers, 2012

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p>where:</p> <ol style="list-style-type: none"> 1. sites afford reasonable access to services and facilities, including health and schools, in particular avoiding long distance travel; 2. adequate <u>appropriate</u> screening and landscaping is included within the proposal in order to ensure that the proposal does not result in an adverse effect upon the character and amenity of the landscape, historic assets and/or neighbouring properties; <u>to protect local amenity and the environment</u> 3. <u>they promote peaceful and integrated co-existence between the site and the local community</u> 4. in the case of proposals for <u>they enable</u> mixed business and residential accommodation (providing for the live-work lifestyle of travellers), local amenity is not adversely affected; 5. the number of pitches at any location should not overload local infrastructure; <u>they avoid undue pressure on local infrastructure and services</u> 6. in rural areas, the size of the site should reflect surrounding population size and density so that sites do <u>does</u> not dominate nearby <u>settled</u> communities; and 7. they are capable of accommodating on-site facilities that meet best practice for modern traveller site requirements, including play areas, storage, provision for recycling and waste management, and where necessary, work areas. <p>In rural areas, where there is a case of local need for an affordable traveller site, but criterion 1 above cannot be fulfilled, then an exception may be made and proposals permitted, provided such sites can be retained for that purpose in perpetuity.</p>	
	5.1.24	<p>The Traveller Development Plan <u>Travellers' Sites</u> Document which is programmed in the Council's Local Development Scheme(2015), for adoption in spring 2016, will include the following:</p> <ul style="list-style-type: none"> • provision of residential sites for at least 31 new pitches for 'gypsies and travellers' by 2017, and establish a longer term target for the period up to 2027 and beyond if possible; • identification of broad locations for further developable residential sites for 'gypsies and travellers' over the periods 2017-2031; • identification of need for, and approach to, the provision of transit sites; • consideration of the need for some provision for travelling show people within the county, with the location of plots being judged against the criteria in policy H4 above; • an urgent re-assessment of current need with an indication of the process for updating need 	To bring the policy up to date and make the wording compliant with Planning Policy for Travellers, 2012

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<ul style="list-style-type: none"> on a regular basis; • an increased provision of private sites during the plan period; • <u>an assessment of current need for permanent residential pitches with an indication of the process for updating need on a regular basis;</u> • <u>pitch targets for travellers;</u> • <u>deliverable sites for residential pitches for the period 2014-19 to set against targets;</u> • <u>identification of broad locations for further developable residential sites for travellers over the period 2019-2031;</u> • <u>identification of need for, and approach to, the provision of transit sites for the plan period;</u> • <u>consideration of the need for, and approach to, provision for travelling showpersons within the county for the plan period;</u> • consideration of the need for a rural exceptions policy to enable sites to be brought forward solely as affordable gypsy and traveller sites; and • consideration of support for the authorisation of long-term unofficial sites where they meet the criteria in policy H4 above or the making available of alternative provision where they are lost for whatever reason. 	
	5.1.25	<p>Herefordshire Council's Draft Herefordshire Gypsy and Traveller Accommodation Assessment 2013 identifies a total minimum requirement of 31 residential pitches by 2020. This target is in addition to the extent of long-term unofficial sites. A pitch is defined as the 'area of land on a gypsy and traveller caravan site developed for a single family.' A plot means a pitch on a "travelling showpeople" site (often called a "yard"). This terminology differentiates between residential pitches for "gypsies and travellers" and mixed-use plots for "travelling showpeople", which may/will need to incorporate space or to be split to allow for the storage of equipment. Studies for the preparation of the Traveller Development Plan Document should look at the possibility of estimating levels of need for pitches for the periods 2017-2031. Estimates of need beyond 2017 cannot be forecast with sufficient accuracy and will need to be identified in subsequent reviews after the Development Plan Document has been prepared.</p>	To make the wording compliant with Planning Policy for Travellers, 2012
	5.1.26	<p>Currently some As at January 2015, there are 101 <u>114</u> authorised residential pitches are available</p>	To bring the policy up to date and make

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p>within Herefordshire with a further 27-21 pitches on unauthorised, but tolerated sites. Numbers of caravans on these sites have fluctuated over the past two years from 148 to 161 and averaging 157. Some pitches accommodate more than one caravan. A Traveller Development Plan Document will set out the approach to identifying sites and the number of pitches at each location. This will look at matters in detail for the period up to 2017 and it is likely that broad locations for estimates of need beyond this period will be identified. Prior to the adoption of a Development Plan Document, Policy H4 will be used as an interim policy to direct development.</p>	<p>the wording compliant with Planning Policy for Travellers, 2012</p>
	5.1.27	<p>Delete first sentence and amend paragraph to read: In the immediate term Herefordshire Council will provide 8 additional pitches by bringing back into use pitches at its site in Bromyard. The private sector may need to provide for further residential site needs until the Development Plan <u>Travellers' Sites</u> Document is adopted in 2016 and policy H4 sets out the basis upon which planning permission will be granted during this period. The criteria in this policy may also apply when the defined need for residential gypsy and traveller sites has been met, yet further need is accepted.</p>	<p>To bring the text up to date.</p>
	5.1.28	<p>In assessing whether evidence of a local need exists, the categories set out in policy RA2 will be applied. In addition, and in <u>In</u> the same way that a rural exception policy is applied to housing development, rural exception sites can also be applied to affordable traveller sites <u>and the Travellers' Sites Document will consider this issue. A rural exception site policy enables small sites to be used, specifically for affordable traveller sites in perpetuity, in small rural communities, that would not normally be used for traveller sites.</u></p>	<p>To bring the policy up to date and make the wording compliant with Planning Policy for Travellers, 2012</p>
	5.1.29	<p>Amend paragraph to read: Although currently there is no <u>The</u> assessment of need for transit sites or <u>plots</u> for travelling show people this will be reviewed as part of the work for the <u>Travellers' Sites</u> Development Plan Document. Should any need arise in the interim; proposals will need to satisfy the criteria set out in Policy H4.</p>	<p>To bring the text up to date and make the wording compliant with Planning Policy for Travellers, 2012</p>
	5.1.30	<p>In bringing proposals forward it will be important to ensure that sites are appropriately landscaped in</p>	<p>To bring the policy up to date and make</p>

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p>order to limit their visual impact and should provide access to local facilities and services such as shops, and schools and healthcare. Small sites accommodating pitches for individual or extended families are generally more unobtrusive, easier to manage and are less likely to be of a scale which would dominate local communities. It is also important to recognise that provision is included to meet the live-work nature of gypsies and travellers and adequate provision is made for play space for children.</p>	<p>the wording compliant with Planning Policy for Travellers, 2012</p>
MM046.	SC1	<p>Policy SC1 – Social and community facilities</p> <p>Development proposals which protect, retain or enhance existing social and community infrastructure or ensure that new facilities are available as locally as possible will be supported. Such proposals should be in or close to settlements, have considered the potential for co-location of facilities and where possible be safely accessible by foot, by cycle and public transport.</p> <p>New development that creates a need for additional social and community facilities (for example, schools, pre schools, children’s centres, child minding provision, youth provision, pubs and local shops) that cannot be met through existing social facilities - will be expected to meet the additional requirements through new, or extension of existing, provision or by developer contributions <u>which meet the relevant tests of paragraph 204 of the NPPF where appropriate.</u></p> <p>Proposals involving the provision or expansion of social and community facilities will be expected to provide publicly accessible toilets (including facilities for disabled people and baby changing).</p> <p>Existing facilities will be retained, unless it can be demonstrated that an appropriate alternative facility is available, or can be provided to meet the needs of the community affected; or it can be shown that the facility is no longer required, viable or is no longer fit for purpose; and where appropriate, it has been vacant and marketed for community use without success. Viable alternative facilities must be equivalent to those they replace, in terms of size, quality and accessibility.</p> <p>The provision or improvement of higher education facilities and the continuing enhancement of existing, or provision of new, training and skills facilities will be actively promoted.</p>	<p>To remove unnecessary text. To comply with national guidance.</p>
	5.1.37	Local retail premises, village halls, churches and public houses, particularly in the rural areas are often	To clarify requirements for evidence of

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p>at the heart of the community and provide a place for the local community to meet, to use function rooms, to socialise and to fulfil the day to day convenience needs of the local community. In some locations it is becoming increasingly difficult to retain services, shops and public houses; however it is essential that support is given to enable businesses to continue to serve the local community. In such cases, flexibility should be given to enable local shops, services or public houses to diversify into ancillary retail and tourism opportunities or community ownership through the 'Community Right to Bid' process. This flexibility may enable the business to continue to serve the local community. Where a business is shown to be no longer viable, the first alternative should be to investigate whether an alternative community use is possible. <u>In order to demonstrate that alternative community uses have been considered, evidence of marketing for a period of at least 12 months should be provided with any proposals involving the loss of community facilities</u></p>	marketing.
MM047.	OS1	<p>Policy OS1 - Requirement for open space, sports and recreation facilities</p> <p>The provision of appropriate open space, sports and recreation facilities will arise in the following proposals for planning applications:</p> <ol style="list-style-type: none"> 1. all new residential dwellings; or 2. retail and employment proposals of greater than 1000 square metres of floor space or the equivalent of 15 or more full-time employees; <u>where there is need to provide informal areas of amenity greenspace for the use of employees and visitors;</u> and 3. residential institutions, student accommodation, assembly and leisure, hotels or hostels. 	To recognise the provision of informal amenity areas will be considered on a site by site basis rather than applying a standard.
	5.1.47	<p>For applicable employment and/or retail proposals, formal open space, sports and recreation facilities (see Glossary) will not be required. However appropriate on-site provision of at least 5% of the total site area for informal areas of amenity greenspace is required for the use of employees and visitors for breaks, and will need to be properly maintained by the owner/managing company for the site. <u>informal areas of amenity greenspace may be required for the use of employees and visitors for breaks, and will be assessed on a site by site basis.</u> If there is a nearby open space within safe walking distance which would cater for the needs of the employees, a contribution of the equivalent cost of</p>	To reflect changes to OS1 and to clarify the application of the policy

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p>providing the on-site area as identified above to improve existing off-site provision, may also be considered. Users of residential institutions e.g. care homes will also require the provision of on-site amenity greenspace, particularly where the facility hosts families and children. For residential accommodation providing for the needs of people with severe mobility impairments, a reduction of required provision will need to be provided (on a pro-rata basis) according to the needs of the residents using the accommodation</p>	
MM048.	OS2	<p>Policy OS2 – Meeting open space, sports and recreation needs</p> <p>In order to meet the needs of the community, provision for open space, sports and recreation facilities will be sought, <u>where appropriate</u>, taking into account the following principles:</p> <ol style="list-style-type: none"> 1. any new development must be in accordance with all applicable set standards of quantity, quality and accessibility as defined in the companion guide to PPG17 or any successor document; and 2. provision of open space, sports and recreation facilities should be located on-site unless an off-site or partial off-site contribution would result in an equally beneficial enhancement to an existing open space, sports and/or recreation facility which is of benefit to the local community. <p>Proposals for major sports or leisure facilities, which meet an identified regional or sub-regional need, should be located within or on the edge of Hereford. Where no suitable site is available on the edge of Hereford, the urban areas of market towns may also be considered.</p>	<p>To clarify the application of the policy. To remove out of date references</p>
MM049.	MT1	<p>Policy MT1 – Traffic management, highway safety and promoting active travel</p> <p>Development proposals should incorporate the following principle requirements covering movement and transportation:</p> <ol style="list-style-type: none"> 1. demonstrate that the strategic and local highway network can absorb the traffic impacts of the development without adversely affecting the safe and efficient flow of traffic on the network or that traffic impacts can be environmentally managed to acceptable levels to reduce and mitigate any adverse impacts from the development; 2. promote and, where possible, incorporate integrated transport connections and supporting infrastructure (depending on the nature and location of the site), including access to services by means other than private motorised transport; 	<p>To ensure impacts are managed on a holistic basis. To make a policy reference to travel plans. To clarify wording</p> <p>To make appropriate reference to standards in other documents.</p>

		original alignment cannot be re-established, a corridor allowing for deviations will be safeguarded. New developments within or immediately adjoining the safeguarded corridor will be required to incorporate land for canal restoration. Development not connected with the canal that would prevent or prejudice the restoration of a continuous route will not be permitted.	
MM053.	5.2.28	<p>The National Planning Policy Framework requires local planning authorities to set thresholds to determine the requirement for an impact assessment for applications for retail, leisure and office development outside of town centres. Individual thresholds have been set for Hereford and the market towns as follows, and are included within the individual Place Shaping policies:</p> <p>Hereford 1250 sq.m <u>700 sq.m</u> Bromyard 200 sq.m Kington 200 sq.m Ledbury 500 sq.m <u>400 sq.m</u> Leominster 500 sq.m <u>400 sq.m</u> Ross-on-Wye 500 sq.m <u>400 sq.m</u></p>	Amendment to threshold for town centre impact assessments to reflect updated evidence presented at the hearings and to ensure vitality and viability of the town centre.
General Policies – Environmental Quality			
MM054.	LD1	<p>Policy LD1 – Landscape and townscape Development proposals should be in accordance with landscape management objectives and townscape assessments and achieve all the following objectives:</p> <ul style="list-style-type: none"> • demonstrate that character of the landscape and townscape has positively influenced the design, scale, nature and site selection, including protection and enhancement of the setting of settlements and designated areas; • conserve and enhance the natural, historic and scenic beauty of important landscapes and features, including Areas of Outstanding Natural Beauty, nationally and locally designated parks and gardens and conservation areas; through the protection of the area’s character and by enabling appropriate uses, design and management; 	To make clearer by removing superfluous text.

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<ul style="list-style-type: none"> • incorporate new landscape schemes and their management to ensure development integrates appropriately into its surroundings; and • maintain and extend tree cover where important to amenity, through the retention of important trees, appropriate replacement of trees lost through development and new planting to support green infrastructure 	
MM055.	LD2	<p>Policy LD2 – Biodiversity and Geodiversity Development proposals should conserve, restore and enhance the biodiversity and geodiversity assets of Herefordshire, incorporating the following objectives through the:</p> <ol style="list-style-type: none"> 1. retention and protection of sites, networks and species of European, national and local importance and those identified within biodiversity and geodiversity action plans <u>nature conservation sites and habitats, and important species in accordance with their status as follows:</u> <ol style="list-style-type: none"> a) <u>Development that is likely to harm sites and species of European Importance will not be permitted;</u> b) <u>Development that would be liable to harm Sites of Special Scientific Interest or nationally protected species will only be permitted if the conservation status of their habitat or important physical features can be protected by conditions or other material considerations are sufficient to outweigh nature conservation considerations;</u> c) <u>Development that would be liable to harm the nature conservation value of a site or species of local nature conservation interest will only be permitted if the importance of the development outweighs the local value of the site, habitat or physical feature that supports important species.</u> d) <u>Development that will potentially reduce the coherence and effectiveness of the ecological network of sites will only be permitted where adequate compensatory measures are brought forward.</u> 2. restoration and enhancement of existing biodiversity and geodiversity features on site and 	To comply with NPPF and provide clarity.

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p>connectivity to wider ecological networks; and</p> <p>3. creation of new biodiversity features and wildlife habitats.</p> <p>Where appropriate the council will work with developers to agree a management strategy to ensure the protection of, and prevention of adverse impacts on, biodiversity and geodiversity features.</p>	
	5.3.13	<p>Delete last sentence: Where harm cannot be avoided, compensatory measures should be included to offset any losses or adverse effects.</p>	To remove a sentence that conflicts with the policy wording.
	5.3.14	<p>Dependent upon the scale and proximity of development proposals to biodiversity or geodiversity features, Herefordshire Council will seek <u>may require developers to produce</u> a management strategy to ensure the continued protection of the features of interest. Such management strategies may include monitoring information. This will provide up-to-date information which will shape future policy reviews as well as inform future site specific plans</p>	To give clarity
MM056.	LD3	<p>Policy LD3 – Green infrastructure</p> <p>Development proposals should protect, manage and plan for the preservation of existing and delivery of new green infrastructure, and should achieve the following objectives:</p> <ol style="list-style-type: none"> 1. identification and retention of existing green infrastructure corridors and linkages; including the protection of valued landscapes, trees, hedgerows, woodlands, water courses and adjoining flood plain; 2. provision of on-site green infrastructure, <u>in particular proposals will be supported where this enhances the network</u>; and 3. integration with, and connection to, the surrounding green infrastructure network. 	To give clarity

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
MM057.	LD4	<p>LD4 Historic Environment and Heritage Assets :</p> <p>Development proposals affecting heritage assets and the wider historic environment should achieve the following objectives:</p> <ol style="list-style-type: none"> 1. <u>the conservation, and where appropriate enhancement of preserve or where possible enhance heritage assets and their settings that positively contribute to the character of a site, townscape and/or wider environment, including conservation areas in a manner appropriate to their significance through appropriate management, uses and sympathetic design, in particular emphasising the original form and function where possible ;</u> 2. <u>the conservation and enhancement of heritage assets and their settings through appropriate management, uses and sympathetic design where opportunities exist, contribute to the character and local distinctiveness of the townscape or wider environment, especially within conservation areas;</u> 3. <u>use the retention, repair and sustainable use of heritage assets to provide as a focus for wider regeneration schemes; and</u> 4. <u>the appropriate recording of heritage assets in mitigation of development impact, in cases where agreed loss occurs record and advance the understanding of the significance of any heritage assets to be lost (wholly or in part) and to make this evidence or archive generated publicly accessible; and</u> 5. <u>where appropriate, improve the understanding of and public access to the heritage asset.</u> <p>The scope of the works required to protect, conserve and enhance heritage assets and their settings should be proportionate to their significance. Development schemes should emphasise the original form and function of any asset and, where appropriate, improve the understanding of and public access to them.</p>	To add clarity to the Core Strategy, and better reflect the provisions of the NPPF.

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
	5.3.27	<p>Delete final two sentences Where it is agreed that a heritage asset cannot be retained, then mitigation includes, as a minimum requirement, the recording of material that may be lost. Other mitigatory or compensatory measures may however be necessary.</p> <p>Replace these sentences with: <u>'Where the loss of or substantial harm to a heritage asset or its significance is outweighed by the public benefits of a development proposal which is allowed to proceed, developers shall, in a manner proportionate to its importance, record and advance understanding of the heritage asset. This evidence shall be made publicly accessible normally through Herefordshire Historic Environment Record, a museum or other local archive as appropriate.'</u></p>	To ensure the provisions of NPPF para 141 are correctly applied.
MM058.	SD1	<p>Policy SD1 – Sustainable Design and Energy Efficiency</p> <p>Development proposals should include high quality sustainable design that also creates a safe, accessible well integrated environment <u>create safe, sustainable, well integrated environments</u> for all members of the community. In conjunction with this, all development proposals should incorporate the following requirements:</p> <ul style="list-style-type: none"> • <u>ensure that proposals make efficient use of land - taking into account the local context and site characteristics,</u> • <u>new buildings should be designed to maintain local distinctiveness through incorporating local architectural detailing and materials and respecting scale, height, proportions and massing of surrounding development. while making a positive contribution to the architectural diversity and character of the area including, where appropriate, through innovative design; be designed to preserve and enhance locally distinctive built, historic and natural characteristics of a site and its surroundings and/or make a positive contribution to the architectural diversity and character of the area through appropriate layout, siting, scale, height, proportions and massing, orientation, use, architectural detailing, landscaping and materials</u> • safeguard residential amenity for existing and proposed residents; • ensure new development does not contribute to, or suffer from, adverse impacts arising from noise, light or air contamination, land instability or cause ground water pollution; • <u>where contaminated land is present, undertake appropriate remediation where it can be</u> 	To simplify and clarify the policy, avoid duplication with the contents of other policies and to ensure that innovative design is not stifled.

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p>demonstrated that this will be effective; ; in relation to development proposals on contaminated land, it is demonstrated that appropriate remediation can be obtained</p> <ul style="list-style-type: none"> • ensure that distinctive features of existing buildings and their setting are safeguarded and where appropriate, restored; • <u>utilise physical sustainability measures that include, in particular, orientation of buildings, the provision of water conservation measures, storage for bicycles and waste including provision for recycling, and enabling renewable energy and energy conservation infrastructure;</u> • minimise resource use and carbon dioxide emissions by maximising the energy and water efficiency of buildings prioritising a “fabric first” approach. Where possible, on-site renewable energy generation should also be incorporated; • allow easy access for all members of the community throughout the development facilitating shorter links between destinations, and allowing for a range of sustainable transport modes • optimise the use of previously developed land and/or buildings; • create safe and accessible environments, addressing crime prevention and community safety and the location of establishments where hazardous substances are present that minimise opportunities for crime and antisocial behaviour by incorporating Secured by Design principles, and consider the incorporation of fire safety measures; • ensuring designs can be easily adapted and accommodate new technologies to meet changing needs throughout the lifetime of the development; <u>and</u> • <u>utilise sustainable construction methods which minimise the use of non-renewable resources and maximise the use of recycled and sustainably sourced materials;</u> • that the design of the development is resilient to climate change including minimising flood risk in accordance with policy SD3; and • include elements that contribute to the provision of green infrastructure in accordance with policy LD3. <p>All planning applications including material changes of use, will be expected to demonstrate how the above design and energy efficiency considerations have been factored into the proposal from the outset.</p>	
	5.3.32	Amend second sentence of the policy onwards as follows:	To reflect forthcoming changes to the

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		In terms of energy conservation, developments in sustainable locations that achieve 'Passivhaus' accreditation will be supported, unless the adverse landscape, townscape or visual impacts of doing so would significantly outweigh the benefits of achieving Passivhaus. Developments in sustainable locations that achieve other accreditation standards, such as BREEAM and the Code for Sustainable Homes, accredited standards of energy conservation which cover a range of sustainability criteria, will also be supported particularly where the level achieved materially exceeds the relevant Building Regulations and other relevant standards in place at the time.	application of national standards through changes to building regulations.
	5.3.33	Amend first sentence: Large-scale developments (non-residential developments exceeding 1,000 square metres gross floorspace, and new residential developments comprising 10 or more units, whether new build or conversion) will be expected to <u>should</u> demonstrate how opportunities for on-site renewable energy generation and sustainable waste management have also been considered and addressed within the design of the scheme.	To clarify and simplify the paragraph.
MM059.	SD2	Policy SD2 – Renewable and low carbon energy generation Development proposals that seek to deliver renewable and low carbon energy targets in line with the UK Renewable Energy Strategy (or any future national equivalent) will be supported where they meet the following criteria: <ol style="list-style-type: none"> 1. the proposal does not adversely impact upon the objectives for international or national designated natural and historic environmental <u>heritage</u> assets; 2. the proposal does not adversely affect residential amenity; 3. the proposal does not result in any significant detrimental impact upon the character of the landscape and the built or historic environment; and the proposal can be connected efficiently to existing national grid infrastructure unless it can be demonstrated that energy generation would be used on-site to meet the needs of a specific end user.	To ensure consistent terminology and remove superfluous text.
MM060.	New para	Add new para before 5.3.46 as follows: <u>*.*.* The 'Sequential Test' is set out in paragraphs 100-104 of the NPPF. This aims to ensure inappropriate development does not take place in areas at high risk of flooding by directing it away from areas at highest risk. Areas at risk of flooding are those falling within Flood Zones 2 and 3 as</u>	To define the terms 'sequential test' and 'exception test'

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p><u>defined on the Environment Agency's website. Flood Zone 1 is the area of low probability of flooding and should generally be used in preference to land in other zones. However land in Flood Zone 1 may also have critical land drainage problems which can be ascertained through Herefordshire Council's Land Drainage team. Where no reasonable sites are available within Flood Zone 1 the 'Exception Test' may be applied. Where this test needs to be applied certain forms of development may be permitted in Flood Zones 2 and 3 depending upon their level of vulnerability. These are identified in Technical Guidance to the National Planning Policy Framework.</u></p>	
MM061.	ID1	<p>Policy ID1- Infrastructure Delivery</p> <p><u>Provision for new and/or the enhancement of existing infrastructure, services and facilities to support development and sustainable communities, will be achieved through a co-ordinated approach.</u></p> <p><u>Where necessary, in addition to planning conditions for essential on-site design requirements and critical infrastructure, developer contributions towards strategic infrastructure through s106 agreements and/or a future Community Infrastructure Levy (CIL), will be secured in accordance with national planning policies and other relevant legislation.</u></p> <p><u>A Planning Obligations Supplementary Planning Document (SPD) will provide details of the type and scale of obligations that may apply.</u></p> <p>Provision for new, and the enhancement of existing infrastructure, services and facilities to support development and sustainable communities, will be achieved through a co-ordinated approach. This will include, in addition to planning conditions for essential on-site design requirements and critical infrastructure:</p> <ol style="list-style-type: none"> 1. contributing towards strategic infrastructure from new development through a mandatory tariff system; 2. s106 contributions for specific infrastructure from all types of development directly required in order for the development to be considered acceptable in accordance with national and local planning policies and relevant legislation; 3. utilising government funding sources; 4. linking with other public investment programmes; 	To explain the policy more clearly

Ref No	Policy/ Para/ Figure	Proposed Main Modification	Reason for Main Modification
		<p>5. co-ordinating with the capital investment programmes of the gas, electric, telecommunications and water industries (utilities);</p> <p>6. other new funding or innovative investment approaches.</p> <p>Tariff contributions will be used to service the following community infrastructure:</p> <p>a) physical infrastructure including; improved pedestrian, cycle and bus routes, the construction of the Hereford western relief road; the city link road, park and ride sites and transport hub; strategic sewerage; strategic flood defence, projects arising from the Nutrient Management Plan; renewable energy generation; and broadband provision;</p> <p>b) social infrastructure including; education, healthcare, emergency services, community facilities, built sports facilities, cultural facilities including improvements to the built environment and public realm; and</p> <p>c) green infrastructure including; play areas, parks, allotments and green spaces, sporting and recreation facilities, heritage assets and habitat creation.</p> <p>Section 106 contributions will be used to service specific on and off site infrastructure requirements to include; affordable housing, water management including sustainable drainage, safe and sustainable access and transport links, essential utilities (including sustainable alternatives), play, sport and recreation facilities, landscaping and associated maintenance payments.</p>	
MM062.	3.113	<p>Add following sentence at the beginning of paragraph <u>'Where changes are made to National planning policy the annual monitoring process will be used to identify if the policies set out in the spatial strategy require review.'</u></p> <p>And amend:</p> <p>Social</p> <ul style="list-style-type: none"> housing completions by <u>size</u>, type and tenure and location – assessed in relation to 5 year periods in order to ensure that there remains a flexible supply of available and deliverable land for housing across the county;" 	To reflect the provisions of the NPPF requirements in relation to Local Plans.

MM063.	New para	<p>Insert a new paragraph to follow after Para 4.5.5 to read:</p> <p><u>*** The figures for employment (as with housing) are targets for the whole plan period and will be monitored through the Annual Monitoring Process to assess performance and the need for management measures.</u></p>	To ensure the delivery of employment land through appropriate monitoring and review.
MM064.	6.23	<p>If it appears that the policies are not being effective, the following actions will be taken:</p> <ul style="list-style-type: none"> • review of the policy or policies concerned and of the implementation mechanisms <u>which may include a full or partial review of the plan; and;</u> • actions to slow or speed up the delivery of land for development depending on the rate of development achieved; and/or • identification of alternative or additional land through further Development Plan Documents and/or Neighbourhood Development Plans. 	To give clarity
MM065.	Appendices	<p>New appendices (3-8) will be added to the Core Strategy. The contents of Appendix 1 have been updated.</p> <p>Appendix 1 – Saved Unitary Development Plan (2007) policies and <u>proposals maps</u></p> <p>(including policies to be replaced by the Local Plan – Core Strategy)</p> <p>Appendix 2 – Evidence Base</p> <p><u>Appendix 3 – Implementation, Monitoring and Delivery Plan</u></p> <p><u>Appendix 4 – Detailed Annualised Trajectory</u></p> <p><u>Appendix 5 – SS3: Necessary Infrastructure for Strategic Sites</u></p> <p><u>Appendix 6 – SS5: Key Employment Sites Deliverability and Timescales</u></p> <p><u>Appendix 7 – Housing Value Areas by Postcode</u></p>	To provide additional information. (See appendices in tracked changes version of the Core Strategy on the Herefordshire Council website)
