Subject: Modification of local plan

Dear Madam,

Thank you for inviting Network Rail (NR) to comment on this local plan consultation relating to the preparation of the Hereford Local Plan Core Strategy.

The modification subject of this consultation appears to relate solely to proposed wind farm developments. NR have no comment to make regarding this modification other than to say that in line with normal consultation procedures NR would expect to be consulted on any planning application for wind farm developments that have the potential to impact on railway lines and other NR infrastructure assets in the district.

Kind Regards

Guy
