Comments on soundness

All representations will be considered by the Planning Inspector as part of the examination of the Plan. The purpose of the examination is to enable the inspector to decide whether the Plan is 'sound'. For a Plan to be sound, it must be:

- **Legally compliant.** This means that the Plan meets the legal requirements under Section 20(5) (a) of the 2004 Act (as amended by the Localism Act 2011) and the Town and Country Planning (Local Planning) (England) Regulations 2012.
- **Positively prepared.** This means that the Plan should seek to meet objectively assessed needs and infrastructure requirements where it is reasonable to do so and where this is consistent with achieving sustainable development.
- **Justified.** This means that the Plan should be the most appropriate strategy, considered against reasonable alternatives.
- **Effective.** This means that the Plan should be deliverable and based on effective joint working on cross-boundary priorities.
- **Consistent with national policy.** This means that the Plan should enable the delivery of sustainable development in accordance with the National Planning Policy Framework 2012.

You should bear these considerations in mind when making your comments.

B3. If you have ticked no to any box in question B2, please give your reasons below with regards to the

Tests of Soundness?

1. Reference Para 5.3.40 additional wording:

There is a suggestion in the second sentence that the Council can insert proposals for suitable areas for wind energy in their own DPD's without taking into account the requirement to have community support for such proposals. Additional wording is offered in B4 overleaf, to ensure that the paragraph is effective and consistent with national policy.

2. Reference Policy SD2 additional wording:

Here for Hereford fails to understand why this offered wording is not consistent with national policy. Amended wording is proposed in B4 overleaf, quoting the instruction from the Secretary of State for CLG, in HCWS42, 18 June 2015.

B4. Please set out what change(s) you consider necessary to make the Local Plan – Core Strategy Proposed Main Modification legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of the policy or text. Please be as precise as possible.

1. Additional wording for Para 5.3 40: At the end of the second sentence:

' , subject to consultation in the required manner.'

2. Amended wording for SD2 :

Bullet point 1:

'the proposed site is in an area identified as suitable for wind energy development in a Local or Neighbourhood Plan.'

Bullet point 2:

'following consultation, it can be demonstrated that the planning impacts identified by affected local communities have been fully addressed, and therefore the proposal has their backing'

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to justify the representation and the suggested change. There will not normally be an opportunity to make further representations. After this stage, further submissions will only be at the request of the independent Inspector based on the matters and issues identified for examination.
