

Shared bins? Collection day made easy

1

Separate the recycling from rubbish at home

Top tip

Use a canvas bag or box in your Kitchen as a storage container for your recycling before taking it to your shared bin.

2

Please only put recyclable items as outlined in this guide into the recycling bin

Empty your loose recycling into the green bin. The recycling should be clean and dry. Please put your black sacks in your black shared bin before your collection day.

Recycling is collected one week and rubbish the next.

Please note: Rubbish and recycling will only be collected if it is contained within a bin. Do not leave black sacks on the floor or on top of the bins.
