We offer support to Gypsy, Roma and Traveller (GRT) children, young people and their families.

We try to help with any problem or concern that gets in the way of education, for example:

pre-school, school places, college, training, transport, uniform, funding, adult education

Worried about housing, sites, community issues, employment?

We will not turn our back on any child.

Get in touch - if we can't help, we know who can.
